**Abstract:** *God Aton's Divine Intent for you was that you live abundant life in dignity while experiencing is these dense 3D dimensions. But, you separated yourself from God Aton and His Infinite abundance by believing that you're your physical body and you've started to experience lack and limitations and you've developed a consciousness of poverty by sustaining just your physical needs doing whatever it takes to get what you want practicing the distorted perception "might over right". In order to restore your forgotten Birthright of infinite abundance, you must change your relationship with money which is an energy serving your creative expression and you must start giving back to God Aton in return for his gift of Life given to you. Every time you give money to a person, an organization or to yourself which money will be used for increasing of life quality and Light on the planet, you can consciously demand from God Aton a manifold return and it will be done. In this way you can become financially independent, free and sovereign being.*

**Keywords:** money, abundance, freedom, sovereignty

## 1. Introduction

In the beginning, our Father-Mother God Aton gave you everything you needed to easily sustain your physical body during your Earthly sojourn. You were given the radiance of the Sun, fresh air, water, food and materials from which to build shelters and make clothing for yourself. The Divine Intent was for your physical needs to be taken care of so that you could focus on using your gift of free will and your creative faculties of thought and feeling to learn to co-create the patterns of perfection from the Causal Body of God Aton in the physical plane.

It was never the Divine Plan that you struggle from morning until night in mundane jobs just to put food on the table and supply the needs of your physical body. That, in fact, is a gross distortion of the original Divine Plan for this planet, and it is a cumbersome distraction from your purpose and reason for being in this school of learning.

## 2. Development of fear-based ego

After the "fall," you lost awareness of your Divine Heritage and the fact that you are a Child of God Aton. As you descended into denser and denser frequencies of your own human miss-creations, you were unable to hear the guidance of your I AM Presence, which you now refer to as "the silent voice within." To compensate for that void in your life, you developed your fragmented, fear-based human ego. You gave your power away to this mutated aspect of yourself and allowed it to manipulate you into believing that you are just your physical body and that the physical plane is all that exists.

With that distorted perception, you started believing in lack and limitation. You forgot that you are co-creating this reality and that the unformed primal Light that comprises every particle of Life in the physical plane is limitless. You forgot about the infinite abundance of God Aton, and you started fearing for your very survival. You became afraid that there was not going to be enough of the necessities of

life in order for everyone to live in comfort and peace.

You began hoarding the things you needed to sustain your physical body which, in turn, blocked the flow of God Aton's infinite abundance. You are co-creator with your Father-Mother God Aton, so when your fear-based thoughts and feelings reflected on the elemental substance of the Earth, you started experiencing inclement weather conditions which resulted in floods, droughts, famines, plagues and pestilence. When that happened, you were catapulted into a vicious circle. The more you hoarded the things you needed to survive, the less the necessities of life were made available to you and the more afraid you became.

You developed a consciousness of greed and selfishness, which you believed was necessary in order to survive. You started fighting with others over land, food, water and material things. Eventually you created a monetary system to barter for the very things God Aton had freely given to each of you. As the confusion and chaos built in momentum, your human ego coerced you into believing that whatever you needed to do to survive was appropriate, even if it meant lying, stealing, cheating or killing.

As I witness the meltdown of the global economy, I can clearly see the evidence of this tragic situation everywhere I look. Practically every malady manifesting on Earth can be traced back to the fear-based consciousness of lack and limitation. That is true whether I am talking about the corruption, violence and moral depravity in governments, the military, financial institutions, corporations, the medical, insurance and pharmaceutical industries, religious organizations, educational institutions, some profit and nonprofit organizations or the private sector and individuals.

Your ego-based fear for survival infuses Humanity with a willingness to do whatever it takes to get what you want. For eons of time, people have continually acted out of the distorted perception of lack and limitation. As a result of that illusion, people everywhere are writhing in the pain and suffering their human egos perpetuated by entrapping them

in poverty consciousness.

It is time for you to take back the power your human ego have usurped from you, and it is time for you to give your I AM Presence full dominion of your life. You have the ability to reclaim your Divine Heritage and to restore the limitless flow of God Aton's abundance. Never has it been more important for you to do so.

As the Light of God Aton increases on Earth and the negativity that conflicts with that Light is pushed to the surface to be transmuted and healed, you are seeing the global economy reel on the shifting sands of corruption and greed. From outer appearances, it looks like the economy is headed for total collapse, but, in fact, this is the darkness before the dawn.

The purging that is taking place in the economic world is a necessary part of the healing process. The old-age archetypes of greed, selfishness, corruption and moral depravity are being exposed and shattered in order to clear the way for the new archetypes of God Aton's Infinite Abundance and Eternal Peace. Those who are willing to attain their wealth by harming another part of Life are doomed to failure. Whether they are hurting people or polluting the Earth, their nefarious efforts are being exposed in the radiant Light of Divine Truth.

The dog-eat-dog, looking-out-for-number-one selfishness that has been so prevalent over the years cannot be sustained now that the new archetypes are in place. This is the time that has been prophesied when "All that is hidden must now be revealed". The clandestine schemes of deception and dishonesty that have trapped the multitudes in a web of poverty and fear will not be concealed in a cloak of darkness any longer. The elite few who hoard the wealth of the world while millions live in hunger, disease and squalor will no longer succeed in their self-obsessed ventures.

Poverty is a human miss-creation, and it was never intended to be part of your Divine Plan. The distorted patterns of lack and limitation are an illusion that you created and that you are sustaining through your thoughts, words, feelings, actions and beliefs.

The new archetypes of God Aton's Infinite Abundance and Eternal Peace are based on the Divine Truth that GOD ATON IS YOUR SUPPLY, not outer world circumstances. Your natural heritage is the continual God Aton supply of all good things. When you remember this Truth, you open our hearts up once again to the limitless flow of God Aton's abundance.

This unique moment will be recorded in the Golden Book of Life as the time in which the Era of Eternal Peace and Infinite Abundance was permanently established on Earth. Just imagine, you and I are physically present to co-create the events that will lift this planet and all her Life into the Light of Eternal Peace and God Aton's Infinite Abundance.

### 3. Reclaiming God Aton's abundance

In order for you to reclaim your natural Birthright of God

Aton's Infinite Abundance, you need to clear your relationship with money. Since you have chosen to live in a system that uses money as your source of exchange, you need to eliminate your fear of it and realize that money is just a source of energy—period. It is not some awesome entity that comes into your lives to wield its power over you and rule your destinies. It is only because of your fear for survival that you have allowed money to have that kind of control over you.

First of all, you must eliminate poverty consciousness and start functioning with prosperity consciousness. Instead of worrying all of the time about not having enough money, you need to focus on your gratitude for the money you do have. Gratitude is a magnet that brings more of what you are grateful for into your life.

Every time you spend a penny of your money, whether it is to buy groceries, pay your bills, for entertainment or whatever, you should bless it with gratitude for the service it is providing to you. Then you should let it go freely, knowing that money is just a source of energy and, like ALL energy, it will go out, expand and return to you for more service.

If you send our money forth grudgingly, bemoaning the high cost of living, fearing you won't have enough to cover your expenses, hating to spend it on the necessities of life, you will automatically block the flow of God Aton's abundance.

The process of developing prosperity consciousness does not mean going out and charging unnecessary things and getting yourself deeper in debt by spending money you don't have. It does mean, however, that you recognize money is providing a service to you that you should accept with gratitude and appreciation.

As you move forward at warp speed, it is crucial for you to remember that you are responsible for co-creating your own prosperity. You must perpetually ask yourself, "Is what I AM thinking, saying, feeling or doing adding to my prosperity and prosperity consciousness, or am I blocking my prosperity with fear and poverty consciousness?"

If what you are expressing is reflecting poverty consciousness, then you must ask yourself, "What do I need to change in order to express prosperity consciousness and open up to God Aton's flow of abundance right now?" It is imperative that you hold tenaciously to your positive visions and energize them daily with your affirmations and the focus of your attention. You must be deliberate about your wealth. Through persistence, confidence and acceptance you will open your hearts to the God Aton supply of all good things.

### 4. A vital factor in receiving God Aton's abundance

The Law of the Circle plays a very important role in your prosperity. The ebb and flow of Life, which is so clearly demonstrated in the Law of the Circle, is a critical factor in order for you to receive God Aton's flow of limitless abundance. There are many expressions that describe the ebb and flow of your Life-force: in-breath and out-breath,

radiation and magnetization, giving and receiving, cause and effect, action and reaction, involution and evolution. In order for the Divine Plan to be fulfilled and for you to receive a continual flow of God Aton's Infinite Abundance, the ebb and flow of your gift of Life must be balanced. If you are receiving more Life-force than you are sending out or vice versa, an imbalance is created that blocks the flow.

When you volunteered to embody on Earth to learn how to become co-creator with your Father-Mother God Aton, you agreed that you would cooperate with the Universal Law of the Circle and maintain the balance of your Life-force. Your God Aton Parents agreed to provide what you would need to sustain your physical body, such as Sunlight, water, fresh air, material for food and shelter and the electronic Light substance that beats your hearts and enables you to live, move, breathe, think and have your Being in the physical plane.

In return, you agreed that you would balance your gift of Life by using your Life-force and your creative faculties of thought and feeling to expand the borders of the Kingdom of Heaven on Earth. You agreed that you would use your gift of free will to observe the patterns of perfection in the Causal Body of God Aton and then combine those patterns in your own unique ways to create new, previously unknown expressions of Divinity in the world of form. You agreed to send forth your gift of Life in ways that would add to the Light of the world. This is easily done through your expressions of love, reverence for all Life, gratitude, wisdom, abundance, peace, joy and happiness, which bless all Life on Earth.

When you fell into the abyss of your own human miscreations, you forgot about the agreements you made with God Aton. Even though you were still receiving and using all of the gifts of Life your Father-Mother God Aton were providing for you, you were not giving anything back in return. You were not fulfilling your part of the agreement by balancing the gifts of Life you were utilizing by adding to the Light of the world. That self-centered behavior effectively blocked the flow of God Aton's abundance in your life.

Once your supply was blocked, you fell into the dysfunctional pattern of struggling every day just to make enough money to pay for the things you needed to sustain your physical body. Those were the same things that God Aton had already given to you for free. When you expend your time, energy and money to pay for what God Aton has already provided for you, it is like not giving anything back at all to balance your gift of Life. That imbalance trapped you in a mode of stagnation. As a result, you were cast into the paralyzing throes of poverty which only perpetuated your consciousness of lack and limitation.

That perplexing condition is the cause of the poverty you have experienced over many lifetimes, and it is the reason for the financial situations that are affecting the global economy now. The good news is that you created this problem, and you have the power to do something about it. You have the ability to renew your contracts with God Aton and to reclaim your prosperity.

All you have to do to renew your contract with God Aton is to begin doing what you agreed to do in the first place. That means that you need to balance the gift of Life you receive and benefit from every day by giving something back in return and expanding the borders of the Kingdom of Heaven on Earth. That may sound complicated, but it is actually very simple. Anything you do to improve the quality of Life on Earth expands the borders of Divinity and adds to the Light of the world. Whatever you do to bless all Life by sharing your love, reverence, adoration, gratitude, wisdom, abundance, peace, joy and happiness further enhances the creation of Heaven on Earth.

There are as many ways to open up to the flow of God Aton's abundance as there are people on the planet devising ways to balance their gift of Life by sharing their love and appreciation. If you specifically want to increase the abundance of money in your life, however, there is a very specific process you must follow.

## **5. Increasing your cash flow**

At the present time you use money as your means of exchange, so in order for you to attain prosperity and to become financially free, you need to increase your flow of money. You can easily do that by applying the Universal Law of the Circle. Remember, like attracts like. What you send out in the form of energy expands and returns to you. Money is energy. In order for you to attract more money into your life, you need to send out money.

Needless to say, you are all sending out a lot of money to pay for your bodily needs. The problem is, God Aton already provided those needs to you for free, so that money doesn't count as your balancing gift of appreciation for your Life-force. In order to increase your cash flow, you must give money back to God Aton, in appreciation for your gift of Life, to support things over and above what you spend to sustain your physical body.

The spiritual key to increasing your cash flow is for you to give a portion of your money away to people who will use it to assist in co-creating Heaven on Earth. There are myriad ways you can accomplish this. You can give money to people, institutions, organizations, charities, spiritual groups, religious groups, corporations, human- or animal-rights groups, environmental groups, human endeavors associated with science, medicine, research, alternative fuels and energy sources, the arts, education, sustainable development, global peace, justice or to any other person, place, condition or thing that you know is working with reverence for ALL Life and a genuine desire to co-create the wonders of Heaven on Earth.

The general consensus is that if you give as little as ten percent of your income back to God Aton in appreciation for your gift of Life, you will open up to such an influx of money that you won't be able to handle it all.

The attitude and consciousness with which you give your money away is critical to your success. Your money must be freely given away with no strings attached. You cannot expect anything in return from the people or places you give

it to other than for them to use the money for the highest good of all concerned and to improve the quality of Life on the planet.

Once you give your money away, it is important for you to acknowledge and accept that, in compliance with the Universal Law of the Circle, the money will expand and return to you through the God Aton supply of all good things.

The reason you need to consciously affirm the return of your money is because you have forgotten that money is a form of energy which should have been going out and returning to you all along. You have just been blocking that natural process with your poverty consciousness.

Through the distorted perception of your human egoyou have developed the expectation that money goes out but that it never comes back. By affirming your Divine Birthright and decreeing to accept God Aton's limitless flow of abundance, you reprogram yourself to expect prosperity. You can start by claiming a tenfold return of your gift, but in Truth, there is no limit to the return you can expect. When you state the following decree with deep feeling, you affirm your gift of love and appreciation and claim God Aton's flow of abundance on the return current.

## 6. Prosperity Decree

By giving your money for the purpose of increasing life quality on the planet by adding to the Light of the world you should loudly pronounce this decree so that you can hear your voice:

*I AM giving \$100.00 back to God Aton in love and appreciation for my gift of Life.*

*I AM gratefully receiving \$1000.00 from God Aton's infinite flow of abundance on the return current with the highest good of all concerned.*

Once you give your love and appreciation for your Life back to God Aton in the energy of money and claim God Aton's tenfold return flow of abundance, it is important for you to consciously expect to receive an increase of money. You must not limit God Aton by trying to figure out where the money will come from; you just need to be open and receptive to every single avenue of return.

Every time you receive unexpected money or someone buys something for you or pays for something that you thought you were going to have to pay for yourself, you should accept that is God Aton's abundance flowing back into your life. If things you need are on sale or if your bills are less than you thought they were going to be, that is your gift of money coming back to you. If someone gives you an item that you thought you were going to have to purchase or you get a raise or a higher paying job, you are receiving God Aton's abundance. If someone finally pays an old debt that you thought was lost forever or you receive a bigger refund than you were expecting on your income tax return, you should acknowledge the money is part of your returning abundance.

As you participate in giving and receiving your money in love and appreciation for your gift of Life, God Aton's abundance becomes an ever-present state of Being and tangible presence in your life. The more you fulfill your original agreement with God Aton and balance your gift of Life by adding to the Light of the world through your thoughts, words, feelings, actions, and money the sooner you will be financially free.

## 7. Be teacher by example

Dear ones, you must go forth doing all you can, each one of you. Let each be free to do what (s) he can do and bless each one. Then, you will have that which is given unto you to serve in understanding all who would come to you for help, assistance and enlightenment - without prejudice and without ego gossip. You cannot hold unity if you bring criticism and condemnation upon those who step forth and take up the cross and shoulder the load. If you dissect the ones you have as "leaders" you will not hold those ones and individuals will disappear and those who pour out Love and Kindness cannot find room to take care of those who come - Harken up - it is the Law of Life precious ones.

I call to the attention of every one the things you require. As long as you allow human feelings to govern and give voice to your unkind feelings, you will be deprived of your very heart's desire. It is the Law of Life. Precious ones, it is no one's desire, but you are the CAUSE in your world and if you send forth discordant activities and feelings, then you must reap just that! Nothing can prevent it but you.

If you understand not, I offer you this, wipe out in one sweep every discordant feeling within your world - your own feeling world - the say "**Mighty I AM Presence, take out of me everything less than your Perfection; sweep through my world and activity; reach out Your Hand and, through me, bless all I contact with such an outpouring of Your Light and Love; that no longer is there anything left but just your Mighty Perfection in action**" All can have and do this if they but will. Repeat this affirmation until it becomes a part of your very thought-beingness.

Each one can be blessed, and be such a blessing to one another, that the whole planet will turn and look in gratitude to you; but as long as discord reigns within your feeling world, all good is repelled. Rejoice always when anyone can release a greater power of Love than can you. Let that be an example for you to release more Love. Then you, too, will stand with equal power in the Great Out-Pouring of Love; and call all mankind to you for their release and KNOWING.

## 8. Conclusions

Creator God Aton's Divine Intent for you was for your physical needs (sun, fresh air, water, food and materials from which to build shelters and make clothing for ourselves) to be taken care of from the material universe (God Aton's body) which was given to you for free, so that you could focus on using your gift of free will and your creative faculties of thought and feeling to learn to co-create

the patterns of perfection from the Causal Body of God Aton in the physical plane.

But, by descending into denser and denser frequencies of the 3D illusion of reality you lost awareness of your Divine Heritage and connection with your guiding I AM Presence ("the silent voice within.") and in order compensate for that void in your life, you developed your fragmented, fear-based human ego (a mutated aspect of yourself) to which you gave your power away and allowed it to manipulate you into believing that you are just your physical body and that the physical plane is all that exists.

By accepting this distorted perception you cut off yourself from the infinite abundance of God Aton you started believing in lack and limitations, you started fearing for your very survival and you developed a consciousness of greed and selfishness, which you believed was necessary in order to survive. You started fighting with others over land, food, water and material things. Eventually you created a monetary system to barter for the very things God Aton had freely given to you. As the confusion and chaos built in momentum, your human ego coerced you into believing that whatever you needed to do to survive was appropriate, even if it meant lying, stealing, cheating or killing.

Your ego-based fear for survival infuses Humanity with a willingness to do whatever it takes to get what you want practicing the distorted perception of "**might over right**". For eons of time, you have continually acted out of the distorted illusion of perception of lack and limitation which resulted in pain and suffering of your human ego perpetuated by entrapping you in poverty consciousness.

Good news is that you have the ability to reclaim your natural Birthright of God Aton's Infinite Abundance and to restore its limitless flow of in your life by clearing your relationship with money which is just an energy which serves your creative expression if you allow it.

Every time you give your money away, it is important for you to acknowledge and accept that, in compliance with the Universal Law of the Circle, the money will expand and return to you through the God Aton supply of all good things.

You can reprogram yourself to expect prosperity by affirming your Divine Birthright and accepting God Aton's limitless flow of abundance by loudly pronouncing the following decree:

*I AM giving \$100.00 back to God Aton in love and appreciation for my gift of Life.*

*I AM gratefully receiving \$1000.00 from God Aton's infinite flow of abundance on the return current with the highest good of all concerned.*

Once you give your love and appreciation for your gift of Life back to God Aton in the energy of money and claim God Aton's manifold return flow of abundance, it is important for you to consciously expect to receive an increase of money. You must not limit God Aton by trying

to figure out where the money will come from; you just need to be open and receptive to every single avenue of return.

As you participate in giving and receiving your money in love and appreciation for your gift of Life, God Aton's abundance becomes an ever-present state of Being and tangible presence in your life. The more you fulfill your original agreement with God Aton and balance your gift of Life by adding to the Light of the world through your thoughts, words, feelings, actions, and money the sooner you will be financially free.

### Author Profile

I was born on August 6, 1950 in Grab, Montenegro (former Yugoslavia).

1982 – Acquired my PhD in the field of atomic and plasma physics, at the same Faculty, under the title: "Regularities and Systematic trends of Stark Width and Shift Parameters of Spectral Lines in Plasmas".

1985 -1987 Spent two years as fellow of the Alexander von Humboldt Foundation from Bonn (Germany) at the University

Düsseldorf developing plasma UV-spectroscopy at the tokamak UNITOR and performing measurements of the plasma instabilities in the scrape-off layer at the tokamak TEXTOR in Jülich (Germany).

1987 – 1991 Worked as the guest scientist at the Max-Planck-Institute for Plasma Physics in Garching by Munich (Germany) performing measurements of the magnetic field configuration at the stellarator W7AS as well as the measurements of the limiter heat load.

1991 – 2000 Was working in the Institute of Physics in Zemun (Serbia) on investigations of the plasma force-free configurations and in 1995 I acquired the Research Professor degree.

2000 – At the end of 2000 I chose to leave the Institute of Physics and went on my own way to discover and learn the God Aton's principles and laws of creation.

After 18 years of the progression toward that sacred goal, I finally succeeded and now I know the God Aton's creational principles and laws (unknown until now) and can apply them for the simple and efficient creations which make the basis for a new life quality on this planet. I am a pioneer in creating with the New Conscious Energy and building a new civilization without electricity.

#### My discoveries as independent researcher in last 20 years:

- 1) Discovery of the truth about human being, consciousness, relation of the human being to physical body, relation of human being to God Creator Aton and Creation (this material universe) and the true laws and concepts of creation.
- 2) Experimental verification of the true "ATON" cell, atom and particle concept: light rings spinning around the centering Mind point which is the source of energy and from which the light rings borrow energy in order to spin, to move.
- 3) Discovery of so called "centeredness" of wave fields and on that base invention of Tesla Radiation Balancer, the first certified device without electricity for balancing (centering) of imbalanced (not centered) wave fields.
- 4) Discovery of the only possible natural solution for nuclear waste challenge with irresistible proofs that it would work 100% and would bring huge benefits for humanity: enables the integration of all nuclear waste (low, middle and high level) into the natural life cycle in the manner that the challenge of nuclear waste is solved FOREVER (100% efficiency), enables the releasing of water from underneath and creation on the surface a few feet of decayed fertile soil and water necessary for organic life thus adding materially to the world's food supply, enables of the foresting of world's vast areas with date palms and carpeting them with a verdure, enables the releasing of enormous amounts of oxygen which together with the enormous reduction of radioactive emission into the atmosphere will contribute to both the stopping of both the negative earth's climate changes (global warming) and the oxygen depletion and to the earth's rebalancing: reestablishment of the optimal environment temperature and reestablishment of the optimal oxygen content in both the atmosphere

and the waters, and enables creation of millions of the new work places worldwide.

- 5) Discovery of the true value of the PI number and solution of the in science unsolvable problem of "squaring the circle".
- 6) Discovery of the power of human conscious intent and rebalancing within two months of the damaged brain (Alzheimer) of a 5 year old girl with power of verbally expressed conscious intent.
- 7) Discovery of the true concepts of energy, mass, speed of light, gravity and electricity and derivation of my equation of creation which properly describes both generation (compression) phase of creation and degeneration (radiation) phase of creation, as well as their simultaneous occurrence and sequential repetitiveness. This right equation definitely retires the famous Einstein's wrong equation from 1905 of "equivalence of mass and energy".
- 8) Discovery of the presence on our planet of the new conscious energy and its unit Deca and its many unique characteristics and ways of conscious unlimited creation with it in order to build new civilization without electricity.
- 9) Discovery of the relationship between consciousness and energy: energy belongs to consciousness to create with and energy is server of consciousness fulfilling every our desire if we ALLOW energy to serve us.
- 10) Discovery of the Nature's radar principle which is the great intercommunication system for recording of all effects of motion and repeating them to all other effects in the universe at the speed of light.
- 11) Discovery of the absolute protection (protection from anything at all times) with The White Christed Light remotely (distance-less), instantly and permanently using my **I-Change** technology and my new energy Deca101 conscious chip.
- 12) Discovery of the conscious chip Deca101 with which every human desire could be fulfilled without electricity.
- 13) Discovery of the natural way for enlightenment (ascension, realization) using unlimited power of human conscious intent and allowance.

I wrote two books: "GOD IN THE ATOM" and "DODECA 101 LOVE ENERGY" which are available on my website.
