Medical Scientists Should Know what is Corona Virus. How it Became Pandemic.

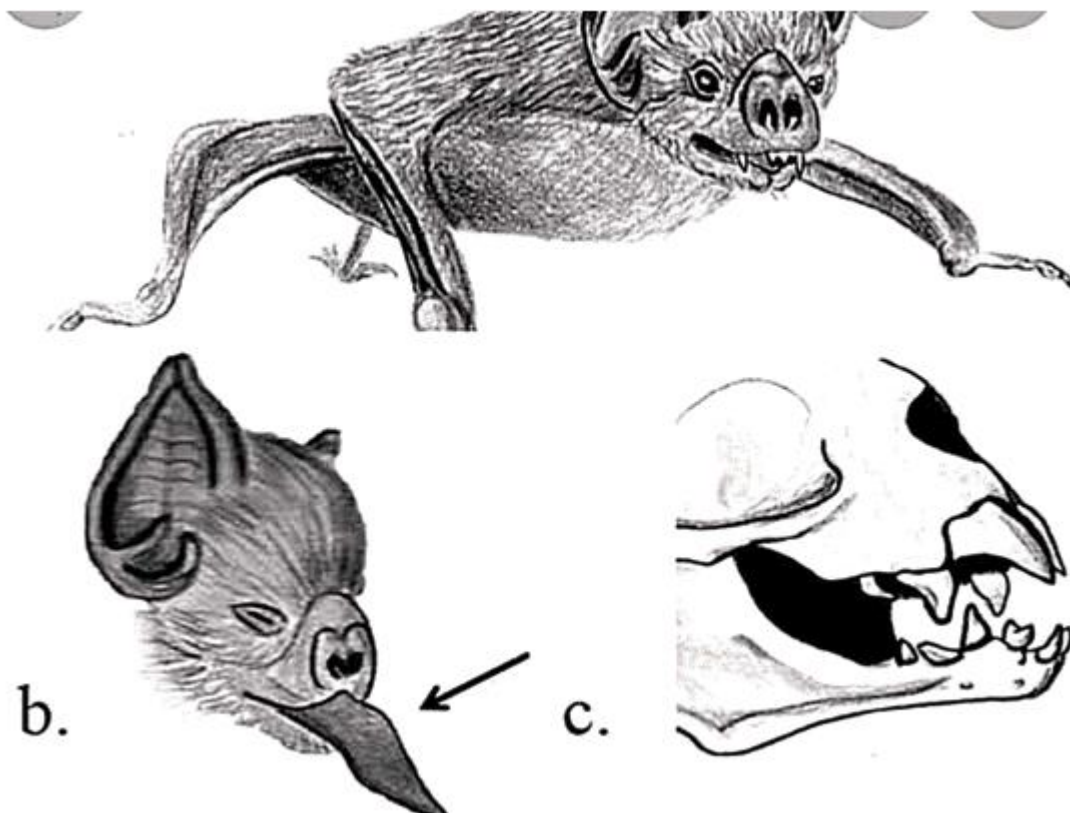

1. Brief Explanation

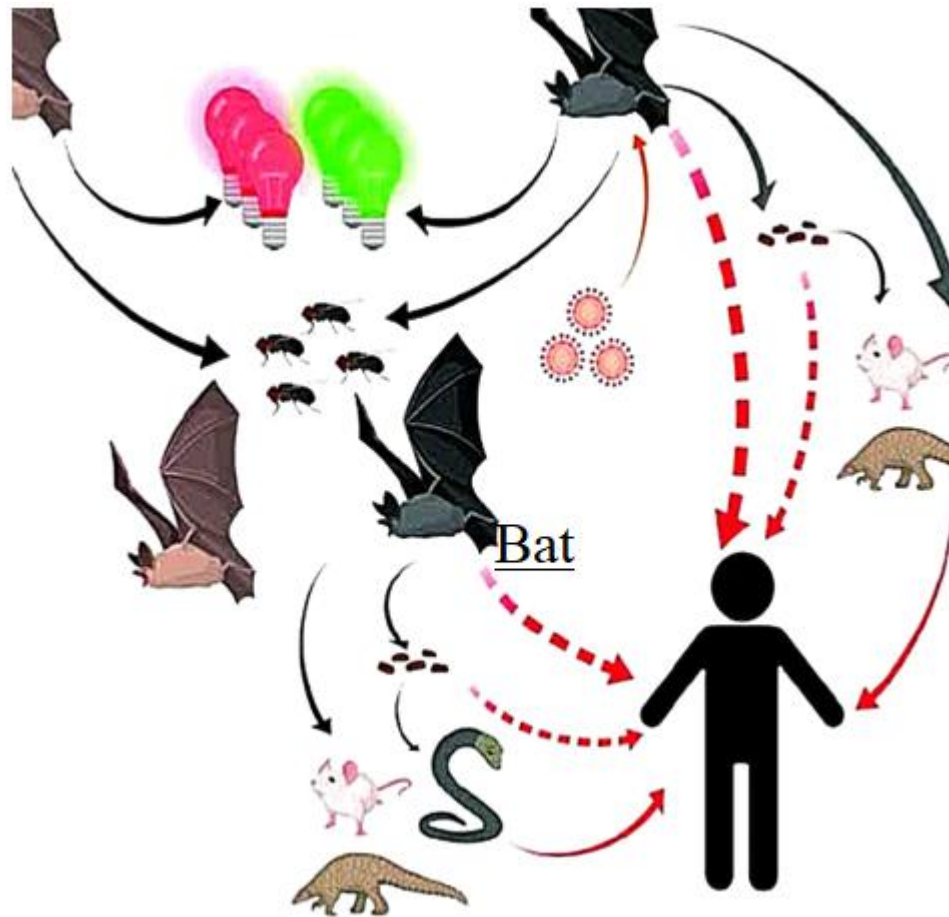

1400 years ago, Hazrat Ali ibn abiTalib a. s had said that regarding the present pandemic, He had mentioned in his book Nahjul-Balaga Topic No.153 in this topic he has mentioned regarding Bats, that Bats are the Strange Creations of God. In this topic Imam Ali a. s Had Said that the Food of the Bats are insects and the Blood of Humans and Animals. He Said that the Bats have Poison In their Mouth, If this Poison passes through the Blood of Human and Animals this will became the origin of Covid-19. Bats have Suck the Blood of any human by which Blood of Human Became Poisonous, Then he Spread this Poison to Another One, In this way in Became the Chain of Pandemic in the World. This is the root Cause of pandemic Covid-19.

Imam Ali also had mentions Symptoms of Covid-19.

- 1) Human Being Feels Slight headache.
- 2) Swallowing of Throat.
- 3) Loss of Appetite.
- 4) Paralysis Below Abdomen.
- 5) Shortness of Breath (Pneumonia).
- 6) Death.

From this Topic it Became Clear that this is not a Virus but a Bat Poison. Medical Scientists should know if they want to eradicate this Pandemic, they must Research on above topic and after all they will find this is a Bat Poison not a Corona Virus.
