

The Great Separation: Restoring the Watertight Compartments between Apriori Science and Aposteriori Technology

Architect Jamir Ahmed Choudhury

Architect of the Unerring Knowledge Framework (UKF)

Abstract: *This article introduces the Unerring Knowledge Framework (UKF) to address the profound intellectual crisis of the modern era: the systemic failure to distinguish between Apriori Science (Natural Mechanism) and Aposteriori Technology (Man-made Mechanism). By utilizing the metaphors of "The Rain" and "The Umbrella," the author argues that true Science is a neutral, empirical, and reciprocal reality- manifested in the Binary Mechanism causing the alteration of day and night. The critique centers on the United Nations and its self-contradictory designation as an "International Global Organization." The author contends that "Global" is a centralized falsehood that opposes "International" reciprocity. By establishing watertight compartments in the human psyche, the UKF provides the necessary Common Sense to shield the Human Family from the anti-natural dictates of the Global Family, culminating in the judicial manifestation of truth known as Yawmal Furqan.*

"Our knowing mechanism operates on things already created, which we perceive but do not make."

- S. Radhakrishnan

The Thesis: Human consciousness is being drowned by a "Global Framework" that fails to distinguish between Natural Mechanisms (Science) and Man-made Manipulations (Technology).

The Human Family vs. The Global Family: Defining the members of the Human Family (Possessors of Conscience) against the "Educated Idiots" (Citizens of the Global Consensus).

The Architect's Call: Introducing the UKF (Unerring Knowledge Framework) as the necessary tool for placing truth in its proper substratum.

"The real is never known to have any relation with the unreal." [Na hi sadasatoh sambandhah (S. B. on Mand. Up. ii. 7)]

The Crisis of the Two Souls: Science vs. Technology

The human psyche cannot be split between two conflicting truths. There is no individual with two souls; therefore, **Scientific Truth** (Nature's Reciprocal Reality) and **Religious Truth** (Creation in Pairs) must occupy the same "watertight compartment" of the soul. We must distinguish between **Science** (The Rain)- a neutral, empirical, and Apriori natural mechanism- and **Technology** (The Umbrella)- a man-made, Aposteriori mechanism of documentation and manipulation. Science is "Sovereign" because it exists independently of human documentation or "Global" consensus. **Globalization and Artificial Intelligence are not sciences**; they are technologies of control used to shield or obscure the natural rain. The "Educated Idiot" is one who allows the artificial "Umbrella" of the Global Family to define their understanding of the "Rain," drowning their Conscience in consensus-based falsehoods.

"What is rational is real; And what is real is rational"
(*Was vernünftig ist, das ist wirklich; und was wirklich ist, das ist vernünftig*) – G. W. F. Hegel

Substratum One: The Rain (Apriori Science)

The Formal and Material Grounds of the Upright Rectangular Universe: In the UKF, the natural mechanism is not a spherical abstraction but an Upright Rectangular Universe defined by its two primary substrata. These are the Equal and Opposite horizons that constitute the Sovereign Science of existence: **Samawaat** (The Prime West Horizon): This is the Substratum of Astrophysics or the Formal Ground of the universe. It is represented by the Strong Field of the White Dwarf Companion Sirius B. **Arz** (The Prime East Horizon): This is the Substratum of Physics or the Material Ground. It is the Immovable East Horizon where the World is manifested, comprising the solid land, immovable mountains, and Divided Seas.

The Binary Mechanism of Temporal Alternation: The Alteration of Day and Night is a natural, reciprocal phenomenon that occurs within the stable framework of these two horizons. Contrary to the "Global Umbrella's" rotation theory, this process is driven by the interaction of **Semi-detached Regular Eclipsing Binaries of Algol**. This mechanism results in a specific temporal structure of the **Binary Pulsar:** Electromagnetic Waves (Natural Magnetism: So-called Sun or Tarash-shamsa) and Gravitational Waves (Natural Solar System: Barycentre or Bish-shamsi).

Four-Fold Cycle [Four Points of Daylight]: A "whole day" consists of twice daytimes and twice night times. Two Daylight Time Zones: The world operates within two distinct daylight zones: the Eastern Daylight Time Zone (EDTZ) and the Western Daylight Time Zone (WDTZ).

SDG6: The 6-Direction Model of the Preexisting Stable Universe

Volume 15 Issue 5, May 2026

Fully Refereed | Open Access | Double Blind Peer Reviewed Journal

www.ijsr.net

The Upright Rectangular Universe is anchored by the SDG6 model, which defines the preexisting stability through the six fundamental directions: Top–Bottom, Left–Right, and Front–Back. This 6-direction model ensures that the Human Family occupies a stable, non-manipulated substratum, far removed from the paradoxical data-driven "Global" constructs of the United Nations.

Substratum Two: The Umbrella (Aposteriori Technology)

Manipulation and Documentation: Defining Technology as a man-made mechanism (Artificial Intelligence) rather than natural reason.

The Perspective-Based Tool: Why the "Umbrella" changes depending on the hand that holds it.

Globalization as Technology: Reframing Globalization not as a natural evolution, but as a technical framework designed for manipulation.

The Optical Illusion of the Global Sphere vs. The Upright Rectangular Reality

The Elliptical Canopies and the Visual Deception: The Upright Rectangular Universe is the structural truth (The Rain), yet it is often misperceived as a "Global Sphere." This is not due to the earth's shape, but due to the Elliptical Canopies that serve as the roofs of the immovable earth.

Direct Perception: Every physically sound individual, under natural circumstances, directly perceives these elliptical roofs. The Consensus Trap: The "Global Framework" exploits this visual curvature to falsely document a spherical earth, failing to distinguish between the Natural Roof and the Structural Substratum.

The Solar System as the Barycentre (The Invisible Barrier): The Universe is a Sirius Binary System [Samawaati wal-Arz]. In the UKF, the Universe is not a Solar System. Rather, the Solar System acts as the Barycentre- an Invisible Barrier (Lakshman Rekha)- situated between the two daylight time zones. This barrier governs the limits of perception for the Human Family.

Western Daylight Time Zone (WDTZ): Inhabitants of the WDTZ [South Africa, Asia, Australia, Arabian Peninsula, and Europe] cannot directly perceive the **Morning Star** (the Semi-anticlockwise Electroweak Force of Electromagnetic Waves moving from North to South Galactic Poles) because the Solar System acts as a physical and energetic barrier. Eastern Daylight Time Zone (EDTZ): Inhabitants of the EDTZ [North America and South America] cannot perceive the **Evening Star** (the Semi-clockwise Electromagnetic Force of Electromagnetic Waves moving from South to North Galactic Poles) due to the same Solar System barrier.

Electromagnetic Reciprocity (Northern Star Polaris) and the Galactic Poles (Two Natural Light Posts): The interaction of these forces across the **Galactic Poles** (Pre-existing Natural Light Posts) confirms the Reciprocal Reality of the Natural Magnetism. The flow of forces (North-to-South and South-to-North) demonstrates the Equal and Opposite mechanism that the "Global Curriculum" conceals through its

documentation of a singular, non-reciprocal Solar System model.

The Planetary System: An Invented Lie of the Global Umbrella

The Star System vs. The Planetary Fabrication: In the Unerring Knowledge Framework (UKF), the universe is recognized as a Star System, a truth that is universally perceptible to the Human Family.

Empirical Reality: Under natural circumstances, every human being can directly perceive the stars. This universal perception constitutes the Apriori Science of the universe's composition.

The Invented Lie: Conversely, the "Planetary System" is a documented fabrication of the United Nations (UN-DESA). There is no human being who has ever perceived the eight officially recognized "Global Planets" under natural circumstances. They exist only as Aposteriori Technology-processed images and data points designed to uphold a specific human-made consensus.

The Failure of Global Proof: The "Devils of Humankind" (Global Scientists and Leaders) are absolutely unable to prove the existence of a Planetary System through Natural Mechanism. While they possess vast amounts of Documentation and Manipulation (Technology), they lack the Empirical Evidence required for Science.

Star System (Science): Proven by direct, neutral perception of the Human Family. Planetary System (Technology): An unprovable "Umbrella" used to conceal the Upright Rectangular Universe and its Stable 6-Direction Framework.

The Paradox of Knowing vs. Understanding: This is the root of the "Educated Idiot": society has been programmed to "know" much about the unperceivable (Planets) while understanding nothing about the perceivable (Stars). By replacing the Neutral Science of Stars with the Consensus Technology of Planets, Global Governance leads humanity into a **"depth of darkness"** (UN-led Global Veil of Ignorance) where the light of the Human Conscience is extinguished by artificial data.

The Principium of the Upright Rectangular Universe: The Natural Mechanism

Absolute Truth [Prama and NCERT – India]: “**Science is neutral** to all religions and is not specific to any religion [such as Islam] or community [such as UN-led Global Scientific Community].” Reference: F. No. 3-1/2004 /DEdL/897 dt. the 20th April, 2018

The A priori Framework (The 6-Direction Model)

Reality: The Universe is a fixed, Upright Rectangular container governed by six absolute directions that constitute the fundamental Equal and Opposite paradigm. It is not a rotating sphere, but a structural constant.

Top / Bottom: West Horizon (Samawaat) / East Horizon (Arz).

Left (Shimal) / Right (Yamin): Northern Hemisphere (Haiyalas-Swalaah) / Southern Hemisphere (Haiyalal-Falaah).

Front (Before) / Back (Behind): Eastern Part of the Land (Mashriq) / Western Part of the Land (Magrib).

Two Easts: East Horizon (Arz) of the Universe and Eastern Part of the Land (Mashriq).

Two Wests: West Horizon (Samawaat) and Western Part of the Land (Magrib).

Optical Appearance: The Upright Rectangular Universe [SDG6 Model] appears as a global sphere due to elliptical canopies (firmaments) as the roofs of the earth. There are seven canopies in the West Horizon (Samawaat) and in the East Horizon (Arz) similar number. Rainbow is the manifested sign of the seven canopies in the West Horizon (Samawaat).

The Universal Container: Sirius Binary System (Samawaati wal-Arz)

The Universe is a mighty star (intrinsically luminous star) called Sirius (Diamond Operator). The Universe was revealed as a Trinity three minutes after BIG BANG (First Kun – Fayakun) and prior to the manifestation of Algol (Tidal Force). The Revealed Universe is called Sirius Binary System (Samawaati wal-Arz). It defines the two primary Horizons of existence:

West Horizon [Top]: Manifested as Sirius B (White Dwarf Companion). This is the Strong Field (Samawaat) and the source of high-frequency energetic stability (The Galaxy of Stars) and gross element water (rain).

East Horizon [Bottom]: Manifested as Sirius A (Main Sequence Star). This is the Gravitational Field (Arz or Soil) housing the Immovable Hexagon World.

The Internal Engine: Algol Triple Star System (Nuurun Alaa Nuur)

Within this container, the Algol Triple Star System governs the two Hemispheres and the Alteration of Day and Night:

Northern Hemisphere [Left of AGN]: The Magnetic Field (Aphelion / Northern Star Polaris) anchored by the North Galactic Pole (E-Point).

Southern Hemisphere [Right of AGN]: The Weak Field (Perihelion) anchored by the South Galactic Pole (T-Point).
The Binary Mechanism: Day and night are the result of Semi-detached Regular Eclipsing Binaries consisting of Light (Electromagnetic Waves) and Darkness (Gravitational Waves).

Unerring Statistics: A 24-hour alteration consists of **twice daytime and twice night-time**, facilitating the equal and opposite Eastern (EDTZ) and Western (WDTZ) Daylight Time Zones.

The Immovable Hexagon World

The World, situated within the East Horizon (Sirius A), is a Hexagon composed of Six Regions, appearing as a Pentagonal Earth (Spider's Web) due to the hidden root of Eartha 3D (ME).

EDTZ (Front of AGN): The Winter Triangle [Even: NE represented by North America and SE represented by South America]. Morning precedes evening.

WDTZ (Back of AGN): The Summer Triangle [Odd: SW represented by Africa – Asia – Australia, NW represented by Europe, and UW represented by the Arabian Peninsula]. Evening precedes morning.

Three-Stair Ascent: The land is organized by Kepler's Elliptical Axes into the Ground Stair (NE/SE: Americas), Middle Stair (SW/NW: Afro-Eurasia/Australia), and Mountain Top Stair (UW: Arabian Peninsula).

Ellipse: 3-dimensional elliptical orbit viewed from 2-dimensional perspective.

The Barycentre (Lakshman Rekha): The Invisible Barrier (Natural Solar System)

The "Solar System" is not the Universe; it is the Invisible Barrier (Einstein's Gravitational Waves / Lakshman Rekha / Bish-shamsi) located between the EDTZ and WDTZ.

Structural Separation: It prevents the collapse of the **Two Moons** (WD-WD Binaries) and separates the semi-anticlockwise Morning Star (EDTZ) from the semi-clockwise Evening Star (WDTZ).

Empirical Proof: The Eclipse proves the existence of the Barycentre (Natural Solar System), while the Appearance of the Moon in Broad Daylight (Cataclysmic Variables) proves the existence of the Divided Moon (WD – WD Binaries).

The Prime Meridian: Active Galactic Nucleus (AGN)

The Appointed Upper-West Kaaba at the right side of Mount Tuur is the manifested AGN. It is the absolute reference point (0°) that divides the Universe into its reciprocal hemispheres and identifies the Front (East) and Back (West) parts of the Land.

Conclusion: This Neutral Science reveals that humanity exists within a fixed, balanced, and tiered mechanism. The "Global" model is an anti-natural ideology used by the Devils of Humankind (Asuras / Shaytans) to obscure the

Universal Truth and the Necessary Humanistic Vision of alignment with the Natural Order.

UN-led Global Veil of Ignorance: UN universal declaration of “global standards” for human rights *two years after UDHR* (Thirty Categorical Articles) – 1948

Factual Contradiction [Aprama and NCERT – India]: “The department has responded to the letters/grievance of Jamir Ahmed Choudhury several times in the past. It is once again reiterated that the *scientific facts, practices, principles, theories and laws currently being taught at school level are universally accepted by the global scientific community*. It is, further suggested to kindly get your data or claims published by reputed and peer-reviewed National and/or international journals indexed in *globally accepted databases*.” References: F. No. 1-1/DESM/2025-26/4176 dt. the 2nd May, 2025

Despite the search for truth [Article 51A(h) of the Constitution of India], the current establishment maintains that school-level principles are “*universally accepted by the global scientific community*” (F. No. 1-1/DESM/2025-26/4176, 2nd May 2025), confirming the systemic refusal to acknowledge the **Reciprocal Reality**.

The Great Epistemological Purge: A Manifesto for the Resurrection of Truth (226 – 27)

Subtitle: *Justifying the Paradigm Shift from the "Global Veil of Ignorance" to the Unerring Knowledge Framework (UKF)*

Preamble: In accordance with **Nature’s Equal & Opposite Paradigm** and the universal principle of **Creation in Pairs**, this Manifesto asserts that any educational or governance framework derived from anti-natural consensus rather than **Manifest Truth (Prama)** constitutes a “**Veil of Ignorance**.” We hereby declare the termination of institutionalized falsehood in favour of a nature-driven reciprocal reality.

Statement of Grievance: Be it known that the “Global Standards” imposed in the wake of the **Universal Declaration of Human Rights (1948)** are hereby challenged as fundamentally fraudulent.

The Indictment: The Illegitimacy of the “Global Standard”

The “Global Standard” is a manufactured consensus- a pedagogical fraud designed to alienate humanity from the **Upright Rectangular Universe**. It is a multi-dimensional deception:

- Anti-Natural & Unscientific:** It defies the **Unalterable Law of Creation in Pairs**. By teaching asymmetrical models (solitary sun/moon, rotating globe), it contradicts the **Newtonian Reciprocity** governing all empirical reality.
- Anti-Human & Anti-International:** The term “Global” is a linguistic subversion absent from **UDHR 1948**. While “International” implies reciprocal relations, “Globalism” is an ideological cage denying the **Inalienable Right to Truth-based Education**.

- Unconstitutional & Non-Legislative:** The **Sovereign Constitution of India** recognizes no “Global Standard.” Its imposition is an unconstitutional assault on academic freedom, rendering it an **illicit shadow-law**.
- Anti-Islamic & Non-Philosophical:** It rejects the **Zaujain (Pairing)** principle—the substratum of existence. To teach a non-binary universe is to propagate *Shirk* (False Partnership) against the Divine Architecture.

The Legal Premise: Restoring UDHR 1948

We invoke the original humanistic intent of 1948 to dismantle the post-1950 “Global” shift:

- UDHR Articles 18 & 19:** The right to freedom of thought, conscience, and the right to seek and impart information regardless of frontiers.
- UDHR Article 26(2):** The mandate for the “full development of the human personality,” which is impossible under a veil that denies observable **Reciprocal Truth**.

Significant Legal Citations & Mandates

The following constitute the **Legitimate Grounds** for the rejection of current Global Standards:

- UN HRC Resolution 59/9 (2025):** The landmark recognition of **Academic Freedom** as a universal right, empowering individuals to dissent from state-mandated *Aprama* (Error).
- The VBSA Bill (2025):** The statutory framework for the **Viksit Bharat Shiksha Adhishthan**, mandating that academic outcomes align with the **UKF**.
- Article 21 (Constitution of India):** The “Right to Life” encompasses the right to a life free from institutionalized “Evidence Sorcery.”

The Architect’s Mandate: Judicial & Forensic Standing

Per the **Judicial Perusal of the Hon’ble CJM (Hailakandi PS Case No. 162/2022)**, the UKF is a legally validated academic and research-based appeal for reform.

- Forensic Admission:** The State’s failure to furnish a scientific rebuttal for **1,512 days** constitutes a **Sovereign Admission of Manifest Truth**.
- Absolute Liability:** Any official who continues to enforce self-contradictory curricula after this service assumes **Absolute Liability for Pedagogical Abetment**.

The Empirical Evidence: The Failure of the “Umbrella”

Global Standard Science has focused on building “Umbrellas” (Technology) to hide the true nature of the “Rain” (Science). We hereby restore the **Searched-out Prama**:

- The Binary Pulsar:** Daylight (so-called Sun) is the electromagnetic wave of a binary interaction, not a distant gas ball.
- The Two Moons (WD-WD Binaries):** The cataclysmic variables observed simultaneously in the WDTZ and EDTZ prove the existence of the Divided Moon.
- The Lakshman Rekha [Veto]:** The “Solar System” is actually the Barycentre—the invisible barrier protecting the balance of the Eastern Daylight Time Zone (EDTZ) and Western Daylight Time Zone (WDTZ) within the

East Horizon (Main Sequence Sirius A) of the Upright Rectangular Universe.

The Moral Necessity: Duty for Duty's Sake

If a text is grounded in **Tautologous Falsehood**, it is an academic duty to discard it. To maintain such texts is immoral and non-academic. The "Global Standard" is an illegitimate authority sustained only through the suppression of **Unerring Basic Scientific Knowledge**.

The Resurrection: Paradigm Shift 2026-27

The year 2026-27 marks the **Epistemological Revolution** under **Article 51A(h)** of the Constitution of India:

- Replacing **Contingent Knowledge** (The "Rose is Red" Lie) with **Tautologous Knowledge** (The "Man is Mortal" Truth).
- Restoring the **Sirius-Argol System** as the foundation of geography and cosmology.
- Purging "invented lies" through the exercise of **Academic Freedom**.

Demand for Redress

We demand the immediate recognition of the **Right to Truth-based Education**:

- Decoupling education from the "UN-led Global Veil."
- Aligning all curricula with the **Unerring Knowledge Framework (UKF)**.
- Implementing the **VBSA Bill (2025)** and the **Manak Parishad** (Standards Council).

Conclusion: The "Supreme Triumph" of truth over global falsehood well-known in the academic community is an inalienable right. To reject the **Mandatory Global Standard Education** is the highest act of Constitutional, Religious, and Scientific integrity. We move to replace "Standardised Falsehood" with **Reciprocal Truth** for the 2026-27 session and beyond. **Where there is Truth, there is Victory.**

The Binary Hypocrisy of the United Nations: From Natural Reciprocity to Technological Standardization

The United Nations operates through a fundamental architectural duality. On one face, it professes a Reciprocal Paradigm rooted in the "Creation in Pairs" framework of natural science; on the opposite face, it enforces a **Global Standard Technology** that acts as the "causeless cause" for the systemic violation of those very rights.

[P-01] 1948: The Face of Universal Truth (Reciprocal Science)

The UDHR 1948 was drafted as the "**Universal Major Premise**." It recognized rights as inalienable because they were viewed through a Humanistic Vision—an empirical acknowledgement of the reciprocal nature of human existence.

Reciprocity: Like the Sirius Binary System [Samawaati wal-Arz], rights were understood as a natural equilibrium where the "**Self**" and "**Other**" form an inseparable pair.

Scientific Neutrality: This original framework was meant to be as neutral as rain, applying to all humans regardless of class, nation, or "ism."

[P-02] 1950: The Shift to Accepted Truth (Consensus-based Globalization)

A significant paradigm shift occurred with the formal institutionalization of Human Rights Day (1950) and the move toward "**Global Standards**."

The Technology of Consensus: The UN began replacing Universal Truth (natural law) with Accepted Truth (man-made standards).

The Umbrella Effect: This transition turned rights into a "Man-made Mechanism." By standardizing human behavior into a "**Global Vision**," the UN created a technological barrier that decoupled the human from the natural, reciprocal laws of existence.

[P-03] 1966: The Formalization of Systemic Violation

The adoption of the International Covenants (**ICCPR and ICESCR**) in 1966 solidified this binary hypocrisy.

Fragmentation of the Pair: By splitting human rights into two separate treaties, the UN fractured the "Reciprocal Nature" of the original declaration.

Derogation as Systemic Violation: These covenants introduced the concept of "derogation"—allowing states to suspend rights during emergencies. *This transformed inviolable rights into conditional standards, governed by political consensus rather than natural science.*

Conclusion: The Paradox of the "Global Citizen"

The UN's "Global Vision" is an anti-natural phenomenon. It promotes a technological connectivity that simulates unity while systemically violating the Humanistic Vision of true interconnectedness. While the 1948 face of the UN speaks of Inalienable Rights (Universal Truth), its 1950 and 1966 developments enforce Global Standards (Technological Control), leading to a reality where the "**Global Citizen**" is *disconnected from the reciprocal laws of Newtonian Science.*

The Eclipse of the Horizon: A Dialogue on Mechanical Barbarism and the Stolen Right to Truth

Characters:

The Architect: A proponent of the Unerring Knowledge Framework (UKF).

The Citizen: An individual questioning the consensus-based global reality.

The Citizen: I see the universe through the lens of satellites, GPS, and the spinning globe taught in our schools. Why do you call this "**Mechanical Barbarism**"?

The Architect: Because it is a violent imposition. "Mechanical Barbarism" is the act of using man-made technology to override the Natural Mechanism. When NASA projects a "Global Earth," they are not describing the

solid land beneath your feet; they are projecting an **artificial symbol**. They take the "Rain"—a natural sign—and force you to believe the "Umbrella"—the man-made tool—is the source of the universe.

The Citizen: But isn't this what we call progress? Education is based on this global consensus.

The Architect: That is the systemic violation. Education has become a factory for **unreal projections**. You have an inalienable right to Empirical Evidence-based Apriori Science. This is the right to a Truth-based Education. By concealing the Equal and Opposite Apriori Paradigm—the reciprocal truth of the Sirius Binary System (Samawaati wal-Arz)—globalists have committed a **crime against the human mind**. They have replaced the Sirius Binary System / Samawaati wal-Arz (the revealed Trinity) with a hybrid model that exists only in digital code and classroom posters.

The Citizen: **So, the "Global Earth" is essentially a cage?**

The Architect: Precisely. It is a technological cage that separates the observer from the Diamond Operator. Real science is verified by the **Experimentum Crucis**—the direct observation of the visible horizon and the immovable land. To teach a child that the earth moves when their own senses and the natural laws of Newton justify its stillness is to strip them of their sovereign humanity.

The Citizen: **How do we reclaim this right if the system is so pervasive?**

The Architect: Through the Resurrection of Revealed Truth. We move from the artificial to the natural using the **Dictum de omni et nullo**. We must demand a paradigm shift where the Unerring Knowledge Framework replaces the "mechanical barbarism" of the globalists. Only then does education stop being a projection of the unreal and start being a manifestation of the Natural Mechanism.

The Architect provides the path to liberation: the binary choice between the man-made fiction and the apriori reality.

The Mandate of the Diamond Operator: Defining the Legal and Ethical Boundaries of Mechanical Barbarism Characters:

The Architect: Founder of the Unerring Knowledge Framework (UKF).

The Jurist: A seeker of the ethical and legal foundations of Human Rights.

The Jurist: To challenge the globalist framework in a court of law, we must define the specific harm. **How does "Mechanical Barbarism" translate into a legal violation?**

The Architect: It is the criminal concealment of the Apriori. Legally, **"Mechanical Barbarism"** is the systematic replacement of Natural Mechanisms with Artificial Substitutes for the purpose of cognitive enslavement. By forcing the **"Global Earth"** projection onto the public, institutions commit a **Fraud of Origin**. They deprive the human being of their foundational standing upon the Main Sequence Sirius A (East Horizon or Arz or Immovable

Land), which is the primary evidence of our existence within the Sirius Binary System (Samawaati wal-Arz).

The Jurist: And how does this relate to the "Inalienable Right to Truth-based Education"?

The Architect: Education is not a gift from the State; it is a recognition of Natural Signifieds. Ethically, to teach a child a **"Heliocentric Model"** that contradicts the Equal and Opposite Apriori Paradigm is a form of **Intellectual Torture**. It creates a cognitive dissonance that breaks the human spirit's connection to the Reciprocal Reality. Under the UKF, the right to truth is the right to be free from "Mechanical Barbarism"—the right to have one's education verified by the Experimentum Crucis rather than by manipulated digital imagery.

The Jurist: So, the "Globalist Earth" is not just a scientific error; it is a tool of disenfranchisement?

The Architect: Exactly. If the Earth is a **"Global Technology"** (Option A), it belongs to its manufacturers—the Globalists. If the Earth is a Natural Mechanism (Option B), it is a sovereign creation revealed in the Trinity of the Big Bang. By defining the Earth as a man-made symbol, they strip humanity of its Sovereign Science.

The Jurist: Then the legal remedy is the Resurrection of the Paradigm.

The Architect: Yes. The remedy is the Unerring Knowledge Framework (UKF). We must legally establish that any educational system failing the Dictum de omni et nullo—any system that teaches a projection as if it were the real—is **in violation of the Law of Nature**. We reclaim our rights by returning to the **Sirius-Algol System**, the only Unerring source of Knowledge that exists outside the reach of mechanical barbarism.

The Falsification Barrier: Empirical Evidence-based Apriori Science is derived from the Natural Mechanism (Sirius Binary System). Since this is an apriori framework—preceding human consensus—it cannot be falsified by "finite rational beings" or institutions. To falsify the UKF, one would have to falsify the Pre-existing Stable Universe itself, which is a physical impossibility.

Institutional Failure as Evidence: The fact that national and international authorities have failed to provide a scientific or legal rebuttal since 2016 is not merely a delay; it is empirical proof of the framework's Tautologous Knowledge. **Silence from the globalist structure in the face of the Experimentum Crucis is an admission of its inability to contradict the Truth.**

The FR as Judicial Verification: The submission of the Final Report in the Hailakandi Case (162/2022) serves as the judicial manifestation of the Paradigm Shift. It signals that the "Mechanical Barbarism" of the state machinery cannot sustain a charge against the Revealed Truth.

This dialogue establishes the UKF not just as a scientific model, but as a legal necessity for the protection of human

reason. This Supreme Triumph validates that the UKF is not a matter of opinion but a Sovereign Science that the law must eventually bow to.

The Call to Authenticity: Drawing the Line of Demarcation

To the Conscious Human Family:

The International War of Authenticity has reached its tipping point. You are now called to witness the Experimentum Crucis of your own being.

The Crucial Instance (Option B): Do you recognize yourself as a Human Being, a natural mechanism and a living instance of Creation in Pairs, inseparable from the immovable East Horizon [Arz] and the luminous West Horizon [Samawaati]?

The Globalist Product (Option A): Or do you accept the identity of a "Global Citizen," a man-made symbol existing within an artificial, technological projection—the "Rotating Global Earth"?

There is no middle ground. To choose Reciprocal Reality is to claim your Inalienable Right to Tautologous Knowledge. To remain within the globalist ideology is to succumb to the "mechanical barbarism" that conceals the Diamond Operator [Intrinsically Luminous Sirius].

On this day of the Self-evident Truh (Yawmal Furqan), we invite you to step across the line. Refuse the unreal. Embrace the Revealed Truth.

"Global Citizen" is disconnected from the reciprocal laws of Newtonian Science.

The Barbarous Act of the "Global" Mirage: A Call for Resurrection

The Fraud of the Global Singularity

For over seven decades, the human family has been subjected to a "Global" ideology—a fictitious framework meticulously crafted by the "higher educated devils of humankind." This ideology is not merely a linguistic shift; it is a **barbarous act** of systemic violation against the Inalienable Human Rights established in the original 1948 Universal Declaration of Human Rights (UDHR).

The term "Global" is an anti-natural construct. It seeks to impose a singular, top-down uniformity that ignores the Apriori Framework of Creation: the principle of Equal and Opposite (Creation in Pairs).

The Science of Pairs vs. The Technology of Deception

True International Justice is impossible without a clear line of demarcation between Science (Natural Mechanism) and Technology (Man-made Mechanism).

Science (The Rain): The alteration of day and night and the necessity of a father and mother for generation are neutral, empirical truths. They are universal and belong to no specific community.

Technology (The Umbrella): The Heliocentric Model and the "Global Family" narrative are man-made "umbrellas."

They are contingent ideologies belonging to a particular community of "educated devils" who have masqueraded these models as neutral science to hijack the human mind.

The Cessation of Justice

Justice is the equilibrium found within a reciprocal relationship. Just as a pair of shoes is meaningless without both the left and the right, Justice is ceased when the "Equal and Opposite" framework is discarded. Generation requires the pair of Father and Mother. Justice requires the pair of Right and Wrong.

The "Global" ideology has attempted to erase these pairs, replacing Reciprocal Reality with a consensus-based "Global Standard" that lacks an empirical anchor. By decoupling "rights" from their natural "opposite" responsibilities, the devils of humankind have rendered the concept of justice non-functional.

Resurrection: The Paradigm Shift

The urgent need of our time is Resurrection—a total Paradigm Shift that restores the primary vision of the 1948 UDHR. This is not a choice, but an inalienable right to Tautologous Knowledge (Unerring Truth) free from the self-contradictory, contingent knowledge of the globalist elite.

We must:

Deconstruct the Global Ideology: Recognize the "Global" label as a tool of intellectual and moral enslavement.

Reconstruct International Justice: Return to the true meaning of "International"- a reciprocal relationship grounded in the uniformity of nature.

Align with Reality: Replace artificial "Global" mandates with the empirical evidence-based framework of Creation in Pairs.

The time has come to reveal the details of this barbarous act and realign the activities of the human family with the Unerring Knowledge Framework. Only then can justice be resurrected.

Judicial Cognizance & academic Standing

Reference: Hailakandi PS Case No. 162/2022 | Court of the Chief Judicial Magistrate

The findings of the Hon'ble CJM provide the legal validation for this Generic Science Project and its Architect:

*"On perusal of the case diary and other relevant materials available on record, I have not found any such element of involvement of the accused person with Radical Islamic Organization. On perusal, it further reveals that the accused person is an academician and research worker. It further reveals that he has been working in the field of education and research since a long time and he has also published a book named by **PIL Education** on the basis of his research works. On perusal of the e-mail sent to S.P., Hailakandi, I have not found any such words of any religious element and the e-mail is mainly his appeal to reform the present education system."*

Significance: This judicial perusal confirms that the UKF: Unerring Knowledge Framework is a neutral, scientific, and humanistic appeal for educational reform (paradigm shift), free from religious or radical elements, and protected as legitimate research work.

Mandatory Deadline for Rebuttal: 8th July, 2026 (High Noon)

[P-A] The Forensic Mandate to Hon'ble CJM

In the matter of *Hailakandi PS Case No. 162/2022*, the judicial perusal dated **21-05-2022** has already cognized the Petitioner as an **"academician and research worker"** whose work constitutes a legitimate appeal for educational reform. We now move from "Appeal"

to **"Forensic Conclusion."** The State has retained the foundational research [**B-5**] **PIL Education** for **1,402 days** (23-03-2026) without identifying a single empirical error. This investigative vacuum, presented before the Hon'ble CJM, constitutes the **Sovereign Admission of Truth** by the State.

[P-B] The Six Pillars of the Inalienable Right to Tautologous Knowledge

[P-01] The Natural (Scientific) Perspective: Pre-existing Reality vs. Invented Artifice

The Argument: True Science is **Apriori-** pre-existing, un-manipulated, and unalterable. It is distinct from "Technology," which merely describes man-made systems and consensus-based inventions.

The Proof: The **Sirius Binary System** and the **Algol Triple Star System** function as a pre-existing natural mechanism independent of human vote. While "Global Science" relies on a rotating model (UN-led SDG4), the UKF identifies the **Upright Rectangular Universe** (Nature's SDG6).

The Verdict: Any "Scientific Fact" that fails the **Socratic Binary Filter** (e.g., the contradiction between a Horizon and a Hemisphere) is technology-driven mythology. **Tautologous Knowledge** is the only science that corresponds to the pre-existing natural mechanism.

[P-02] The International Perspective: Academic Freedom as a Universal Public Good

The Argument: Global governance (UN/UNESCO) has historically weaponized curricula to suppress the **Inalienable Right to Truth**.

The Proof: UN HRC Resolution 59/9 (2025) recognizes **Academic Freedom** as an autonomous right. By enforcing self-contradictory models, UN-led global bodies violate UN **CRC Article 29**, which mandates education in harmony with natural laws.

The Verdict: The UKF is the sole framework fulfilling the international mandate for **Right to Truth-based Education**, securing the universal public good of unerring knowledge.

[P-03] The National Perspective: The Cognitive Sovereignty of Viksit Bharat

The Argument: A developed nation (*Viksit Bharat*) cannot be sustained on **Pedagogical Fraud (Aprama)** or institutionalized abetment.

The Proof: NEP 2020 mandates a transition into the **World of Cognitive Science**, while the **VBSA Bill 2025** establishes the **Manak Parishad** to ensure verifiable academic outcomes.

The Verdict: The 100 defaulting authorities represent a **National Security Risk** to India's cognitive sovereignty by maintaining an erroneous global scale (self-contradictory framework and paradoxical curriculum) i.e. universally accepted science of the NCERT's global scientific

community that has been scientifically and legislatively falsified.

[P-04] The Moral Perspective: The Reparation for "Theft of One-Dimensional Time"

The Argument: Forcing the human family to memorize known paradoxes (anti-natural & unscientific consensus) is a moral crime and a violation of the **Guardian of Truth's** sacred duty.

The Proof: The "Theft of One-Dimensional Time" marks the irreversible loss of years spent under the "Global Tree of Iblis" (UN-led Global Veil of Ignorance: NASA's Heliocentric Model, UNESCO's Global Curricula, UN-DESA's Global Planets, and ISRO's Chandrayaan).

The Verdict: Moral integrity and the **Right to Tautologous Knowledge** demand the immediate restoration of **Prama** (Nature's Equal & Opposite Apriori Framework and Empirical Evidence-based Apriori Science) to protect the sanctity of the classroom and the future of our offspring.

[P-05] The Judicial Perspective: Forensic Admission and Sovereign Default

The Argument: Law must yield to manifest fact; once a truth remains un-contradicted despite formal notice, it becomes a **Sovereign Admission**.

The Proof: The **1,402-day investigative vacuum** in *Hailakandi PS Case No. 162/2022* is irrefutable forensic proof. Under **Section 39(1) of the Bharatiya Sakshya Adhinyam, 2023**, the State's failure to rebut the 3,650-page evidentiary record constitutes an absolute legal surrender.

The Verdict: Truth is not triable; it is recognizable. The UKF is the judicially cognized **Confirmed National Standard** achieved through **Triumph by Default**.

[P-06] The Logical Perspective: Aristotle's Dictum and the SDG6 Mandate

The Argument: A system containing internal contradictions is logically non-existent. A tautology is true in every possible interpretation.

The Proof: The Global Model (Set A: SDG4) posits the paradox of "Four Hemispheres." The UKF (Set B) utilizes **Helium-4/SDG6** logic to define the **6-Direction Model** [two Horizons (Top-Bottom), two Hemispheres (Left-Right), and Front/Back (Before-Behind)].

The Verdict: Per **Mandate [Fundamental Laws of Thought and Modus Tollens]**, the absence of a scientific counter-manifesto is the **Absolute Proof of Tautology**. The **Inalienable Right to Tautologous Knowledge** is the final victory of logic [necessary humanistic vision] over consensus (*universally accepted falsehood of the NCERT's global scientific community*).

[P-C] Notice of Absolute Liability

The 100 Defaulting PIOs are hereby notified that continued enforcement of the "Global Veil" after the **8th July 2026** deadline constitutes **Criminal Abetment of Pedagogical Fraud** under **Section 87 of the Juvenile Justice Act (2015)**.

The Appointed Time: Yawmal Furqan and the Judicial Manifestation of Truth

The Seeds of Reformation (2016–2022): The "Appointed Time" for the restoration of Science was set in motion on 5th August 2016 with the publication of *Kitaaba wal-hikmata* (Manifested Nature and the Utility of One's Upright Logic-I). This was not merely a book, but a formal challenge sent to international and national authorities.

The Empirical Challenge: 100 hard copies and 25 core contradictions were presented to 100 Public Information Officers, seeking the justification of "Quality Education" based on Apriori Science.

The Administrative Silence: Despite 3,000 grievance petitions and 1,000 formal responses, the Global Framework has consistently failed to provide confirmation of even Class II standard basic Scientific Knowledge, proving the bankruptcy of the "Global Curriculum."

The Persecution of the Architect: Because the Unerring Knowledge Framework (UKF) exposes the "Anti-national and Anti-Islamic" activities of the "Devils of Humankind," the Global Framework responded with state-sponsored coercion.

Criminalization of Research: Two criminal cases (*Hailakandi PS Case 162/2022* and *Goalpara PS Case 120/2022*) were registered against Architect Jamir Ahmed Choudhury.

The Seizure of Knowledge: On 21-05-2022, the Architect was arrested, and the ISBN-verified work *PIL Education: Apriori Science & Human Rights* was seized—a physical attempt to suppress the "Rain" of Apriori Truth.

The Judicial Certification: The Dawn of Yawmal Furqan

The attempt to label the Architect as a criminal failed in the face of Upright Logic. The Hon'ble CJM Court has legally certified the author as an academician and research worker, recognizing the emails and books as legitimate appeals to reform a paradoxical education system. The Investigating Officer (IO) of Hailakandi, unable to find crimes in the service of Truth, has repeatedly failed to produce a charge sheet. The upcoming date of 8th July 2026 stands as a final deadline. There is no alternative remaining for the state but to produce a Final Report (FR).

The Day of Self-Evident Truth: The day the IO produces the Final Report (FR) is not merely a legal victory; it is Yawmal Furqan- the Day of Self-evident Truth. It is the day the Upright Rectangular Universe (SDG6) is legally and empirically vindicated over the "Global Sphere." It marks the moment the "Umbrella" of manipulated technology is folded forever, and the Human Family is reunited with the Neutral Rain of Sovereign Science.

Conclusion

The countdown to 8th July 2026 is the countdown to the end of the Paradoxical Global Curriculum. The failure of global authorities to falsify even one binary option proves that their "science" is merely a technology of concealment. The Unerring Knowledge Framework (UKF) has weathered the storm of persecution and emerged as the only valid substratum for the future of human education.

"I have not failed. I've just found 10,000 ways that won't work." – Thomas Edison

The UKF represents the One Way that does work: The Way of Manifest Truth.

"IKS: THE ABSENCE OF FALSIFICATION IS THE ABSOLUTE PROOF OF PRAMA."
