Authors Profile

Ar. Tanisha Dutta is a Phd research scholar at the Department of Architecture and Planning, Visvesvaraya National institute of Technology (VNIT), Nagpur, India. Born in 1984, Dutta obtained a Bachelor's degree in Architecture in 2006 from VNIT, Nagpur, and a Master's degree in Planning, with specialisation in Environmental Planning in 2008, from School of Planning and Architecture, New Delhi, India. Having taught the B.Arch. and M.Plan students, she has retained her interest in the History of Architecture, so as to be able to pursue Doctoral Research in 'Interpreting Symbolism in Hindu Temple Architecture through Fractal Geometry'.

Dr. Vinayak S. Adane is a professor at the Department of Architecture and Planning, Visvesvaraya National institute of Technology (VNIT), Nagpur, India. Born in 1964, Adane obtained a Bachelor's degree in Architecture in 1986 from VNIT (then VRCE), Nagpur, and a Master's degree in Planning in 1988 from Government College of Engineering, Pune. He obtained a Doctoral Degree in 2008 for 'Enabling Framework for Sustainable Urban Infrastructure: Case Study of Indian Cities' from JNTU School of Planning and Architecture, Hyderabad. He has taught B.Arch. and M.Plan. students for 26 years and has extensive experience in research.
