Author Profile

P. Prakash received B. Tech. degree in Electronics and Communications Engineering from JNTU University, Kakinada in 2009, currently doing M. Tech. in PEC Engineering College, from JNTUK University, Kakinada.

T. V. S. Adinarayana received the M.Sc. degree in electronics from Nagarjuna University, Guntur, and the M. Tech. degree in VLSI Technology from Satyabama University, Chennai, India. Currently, He is pursuing his Ph.D. from Department of Instrument Technology, College of Engineering, Andhra University, Visakhapatnam, India. He is also working as a Faculty Member at Prakasam Engineering College, Kandukur, Prakasam dist., India. His research interests are in sensors and Antennas
