

Electronics, IEEE Transactions on, vol. 54, pp.2745-2750,2007

- [9] Ellabban, vanmierlo, Lataire “Comparison between different PWM control methods for different Z-Source Inverter topologies”,13<sup>th</sup> European conference on power electronic and applications,2009.EPE’09

### Author Profile

**K. Supraja** received the B. Tech degree in Electrical and Electronics engineering in 2010 from N.B.K.R. Institute of Science and Technology, Vidyanagar, Nellore Dist. and she is currently pursuing M. Tech in Power Electronics from R.G.M. college of Engineering and Technology, Nandyal, A.P. Her areas of interests are power electronic converters, Z-source inverters.

**K. Suresh** was born in Kurnool, India in 1984. He received the B. Tech and M. Tech (Power Electronics) degree in Electrical and Electronics Engineering from R.G.M. college of engineering and Technology in 2005 and 2009 respectively. Presently he is working as an Assistant Professor in R.G.M. College of Engineering and Technology, Nandyal. He has published several National and International Journals/Conferences. His field of interest includes power electronics converters, power quality issues in DC-AC converters.
