Abstract: To eradicate complete unemployment from India, we have to adopt job oriented education. In this paper, comprehensive model of Higher Education is suggested.

Keywords: Higher Education, Unemployment, skill development, model, social work, moral education

1. Aim and Objectives of Education

The purpose of education is the all round development of personality. But the present day education is neither imparting true knowledge of life and nor improving the talent of a student by which one can achieve laurels in the field one is interested. Students, teachers, guardians and all the other stakeholders are blaming the existing system of higher education. Therefore, a new model of higher education for India is suggested in this paper. It is suggested that after passing 12th student has to opt one of the four streams given below.

1st Stream

Subjects to be opt
ONE from 283 diploma of UPSDM (i.e. Diploma in Electrical/Electronics/mechanical/mobile repair/Inverter maintenance/mass communication/C.A/C.S/dairy industry/farming/soft/hardware/health Sci.)

+Communicative English + Basics of Computer Sci.
+Foundation of B.A./B.Sc./B.Com. (For self-employment)

2nd Stream

Subjects to be opt
ONE from 283 diploma of UPSDM
+Communicative English + Basics of Computer Sci.
+ Foundation of B.A./B.Sc./B.Com. + Physical Education For Force services (i.e. police, military BSF etc)

3rd Stream

Subjects to be opt
ONE from 283 diploma of UPSDM
+Communicative English + Basics of Computer Sci.
+ Foundation of B.A./B.Sc./B.Com. For civil services (state level/centre level)

4th Stream

Subjects to be opt
ONE from 283 diploma of UPSDM
+Communicative English + Advance level Computer Sci. + Advance level B.A./B.Sc./B.Com.
For Post Graduation /MBA/MCA/ Degree for teaching/Ph.D./NET/Scientists.

2. Conclusions

1) 1st Stream is for the students who are interested in their own business/self-employment.
2) 2nd Stream is suitable for the physically good students who are interested to join Force services (i.e. police, military, BSF etc.)
3) 3rd Stream is recommended for the students who are interested in civil services (state level/centre level)
4) 4th Stream is only for the students who are interested in Post Graduation for MBA/MCA/Degree for teaching/Ph.D./NET/Scientist.

It is further suggested that social work along with moral education should be mandatory in all the streams for six months duration in the beginning of the 1st year. It will help in making good citizen/nation having adequate employment.

3. Limitation

Since every student is professionally skilled in first year of his graduation, therefore, it may be assumed that unemployment problem will be no more in India.

The main point of discussion in this model is how to bifurcate students in streams.
