Author Profile

Akash N. Belonkar has obtained his B.Tech. (Electrical) degree with first class in 2010 from Government College of Engineering, Amravati. He is currently pursuing his M.E. (Electrical Power System) Degree under the guidance of Prof. M.R. Salodkar. His area of interest are Power Quality and Control System.

Mukund R. Salodkar graduated from Government College of Engineering, Amravati. He completed his M.E. (Power System) Government College of Engineering, Amravati in 1989. He worked as a Executive Engineer in TRANSCO up to 2011 presently working as HOD of Electrical Engineering GHRCEM Amravati. His areas of interest are Power Quality and Load Forecasting.
