## Author Profile

**A. A. Deo** received M.Sc. and M.Phil. and Ph.D. degrees in 1985 and 1987 and 2007 respectively, from Pune University then. (Now known as Savitribai Phule Pune University). She is working in Indian Institute Tropical Meteorology as a scientist for more than 20 years. Her main research interest is cyclogenesis in the Indian Ocean under climatic impact, cyclone - ocean interaction, intra-seasonal variability in the Indian Ocean, etc. More details can be found at [http://www.tropmet.res.in/Dr.%20\(Smt.\)%20Asmita%20A.%20Deo56-Scientist](http://www.tropmet.res.in/Dr.%20(Smt.)%20Asmita%20A.%20Deo56-Scientist)
