

Control System and Biomedical Instruments Controlling Systems.
He stayed in Metals and Engineering Corporation as Senior Engineer and Quality Control Manager. He is currently in Beihang University (BUAA) China as a student in Mechanical Engineering and Automation Specialization in Mechatronics field of study.

Ma Jungong received the Ph.D. degree in mechanical engineering from Beihang University, Beijing, China in 2013. He is currently a lecturer with the school of Mechanical Engineering and Automation, Beihang University, China. His research interests include

Electro-hydraulic servo system control, Gas regulator development and automotive control, Pneumatic element accelerated life test
