Abstract: India has become the fastest growing tourist destination for international tourists in South Asia. The share of Travel and Tourism in the India’s GDP in 2013 was INR 2,178.1 Billion. In 2014, this contribution is expected to soar by 7.5% to INR 2,341.45 Billion. Due to the direct impact of this sector in the Economy, the Govt. of India has introduced many initiatives, such as Visit India Year 2009, Incredible India and Aitthi Devo Bhava to attract foreign tourists, but the introducing e-Tourist Visa, Foreign Tourist Arrivals (FTAs) has remarkable growth during 2014-15. GOI has launched initially Tourist Visa on Arrival (TVOA) in January 2010. To make TVOA easier and hassle free and encourage Foreign Tourist Arrivals (FTAs), India has introduced Visa on Arrival (VoA) enabled by Electronic Travel Authorization (ETA) in November 27, 2014 and implemented an online method facility for tourists. In April 2015 this „Visa on Arrival‟ scheme was renamed to „e-Tourist Visa (e-TV).” This resulted 6.8% growth in Foreign Tourist Arrivals in January 2016 over the same period in 2015 and Rs. 13,669 crores Foreign exchange earned through Tourism in January 2016. Here by this paper the main aims to discuss the present Govt.’s e-Tourist Visa (e-TV) policy and its impact of encouraging Foreign Tourist Arrivals (FTAs) in the country to boost inbound tourism.

Keywords: GDP, Visa on Arrival, Incredible India, FTAs, e-Tourist Visa, Inbound tourism.

1. Introduction

The travel and tourism industry has emerged as one of the largest and fastest growing economic sectors globally. Much of its growth is due to higher disposable incomes, increased leisure time and falling costs of tourism activities. For 2015, UNWTO forecasts international tourist arrivals to grow between 3% and 4% and the total number of tourists travelled abroad more than one billion (1,138 million) in 2014. In this context UNWTO celebrated the World Tourism Day on 27th September under the theme for 2015: “One Billion Tourists, One Billion Opportunities”. This year’s theme emphasizes the impact of the tourism sector on economic growth, job creation and development (UNWTO).

Under this vision of the world tourists’ movement, India has become the fastest growing tourist destination for international tourists in South Asia. The share of Travel and Tourism in the India’s GDP in 2013 was INR 2,178.1 Billion. In 2014, this contribution is expected to soar by 7.5% to INR 2,341.45 Billion [1]. To attract and encourage Foreign Tourist Arrivals in India for promotion of Indian tourism, India has introduced Visa on Arrival (VoA) enabled by Electronic Travel Authorization (ETA) in November 27, 2014 and implemented an online method facility for tourists. In April 2015 this „Visa on Arrival” scheme was renamed to „e-Tourist Visa (e-TV).” This resulted 6.8% growth in Foreign Tourist Arrivals in January 2016 over the same period in 2015 and Rs. 13,669 crores Foreign exchange earned through Tourism in January 2016 [2].

Citizen of all countries require the valid travel documents i.e. passport and valid visa granted by Indian mission abroad for entering India. Visa formalities are a critical issue for visiting in a foreign country. E-Tourist Visa facility becomes easier to visa formality for foreign citizens who want to visit India. We can conclude results of data by review of literatures in this paper that has widened the horizon of understanding exponential growth in Foreign Visitors incoming in India after expansion of e-Tourist Visa facility. Since launched of the scheme on November 27, 2014, a total of 1, 10,000 visas have been issued by the government under scheme. The total FTAs during the period January- December 2015 recorded 80.16 lakh with a growth of 4.4%, as compared to the FTAs of 76.79 lakh with a growth of 10.2% in January- December 2014, in which total FTAs on e- Tourist Visa during January to December 2015 recorded 4.45 lakh with a growth of 1040.4%, as compared to the FTAs on Visa on Arrival in 2014.
