Abstract: The New Energy Commitment from Spirit is quite simple: I am God Aton, also. I am God Aton, also. I am it. There is not some father in heaven or anything else. I am the Creator. I am God Aton, also. It’s that simple, and that is the commitment, the commitment that Spirit is already here and already within me. I love myself, I trust myself. The highest Commandment of God Aton and The Creation: KNOW THE LAWS OF GOD ATON AND THE CREATION SO THAT YOU CAN WISELY FOLLOW THEM! From September 18th, 2007 there is on our planet the new conscious energy which responds to human consciousness. Creation with the new energy is limitless and powerless. Everything what you’ve been doing, you’ve been doing it JUST to yourself!!!

Keywords: New Energy, New Energy Commitments, God Aton

1. Introduction

Our civilization has entered on August 17th, 1987 the new cycle when the new era of peace, freedom and consciousness has begun, not at 2000 as people believe. On September 18th, 2007 on our planet the new energy of love has been established – it is the new conscious energy with which we can change everything by letting energy to serve us instead of us serving energy as it was the case till that date. This new Cosmic era is era of truth and knowledge – no lie will be left unrevealed. This was the new beginning and that is why 101, where 10 stands for the creation before August 17th, 1987.

This current time era (age) is marking an epochal advancement in Man's evolution toward his goal of omniscience and omnipotence. Man becomes a higher being with greater power as he acquires knowledge. In knowledge alone lies power. Only through knowledge can Man become co-creator with God Aton. Knowledge can be obtained by Man only through awareness of the Spirit within him [1-24].

2. Good

There is nothing except GOOD in all the universe, for God Aton is Love and He/She creating a universe of Love in all its expressions which is like unto Him/Her.

There is no sin in the entire universe. Sin is a product of MAN. It is made by man in his own image, for every creation of man is like unto man.

Pagan teaching tells us that our sins can be forgiven by God Aton and that "Jesus" came to save us from sin. That pagan belief will continue to create the belief in, and the practice of, sin as long as people are misled into believing that they can be saved from sin or forgiven for sinning. Sinning means hurting one's self or another by disobeying the law of Love. When one does that, the damage is done and it cannot be forgiven one way or another! He who "sins" can stop sinning, like sound which ceases when its cause ceases. Neither God Aton nor "Jesus" can void that which has happened. It is recorded by the light waves of the universe forever. Its record is in the seed of the "sinner" whom it alone hurts!

Life must be lived. Man must learn how to live it. Every man on mother Earth must learn his lessons of BALANCED INTERCHANGE in his every transaction. He cannot learn it in one lifetime on Earth, nor a thousand lives. Christ Consciousness does not come to primeval brute man. It comes only to the completely unfolded spiritual man. Why forever repeat that the good will be saved and the bad will be damned? There is not one good man on Earth in the sense that he is like unto the divine Self which he will become. Likewise, there is not one bad man on Earth, for every man on Earth has forever been searching for the GOOD since his beginning.

The only sin on Earth lies in not knowing. When a man does not know, it means that his Mind has not yet awakened to an awareness of either good or evil. The body cannot sin. It but carries out its instincts. The body which has no knowledge of good and evil cannot sin because it is still primate. The enraged dog which kills does not know what he is doing. His body instincts act upon reflexes which cause the act as surely as a bell will ring if one presses a button. We cannot punish the dog because he
This comes from pagan of two thousand years ago. It is still the pagan belief of countless millions of people of today. Humanity is like a class in school. Some are ahead of others. Some have unfolded more than others. Some have stopped murdering long ago, but every man on Earth has been a murderer. He has merely ceased murdering long ago but condemns the man who now is what he was and believes that he will be cast into everlasting fires of hell. Every man on Earth would be cast into everlasting fires of hell if there were any merit in the pagan belief, but there is no merit in it. The Bible is full of it, but the Bible was written by pagan man for pagan man. All references to eternal damnation and everlasting fires of hell which are written in the New Testament were forged into it to give one class of man power over others to remit their sins for a price.

They who did that also KNEW NOT WHAT THEY DID. They who committed that monstrous crime were supposedly good men. They acted their parts consistently with their day and age. They, too, must learn their lessons, for they have been on Earth many times since then and are learning them.

The time must come in men unfolding when he will understand that Immanuel came to teach him that there is no sin! He came to SAVE HIM FROM A BELIEF IN SIN, instead of saving FROM sin, which even He could not do.

Can we not see that if it were possible for anyone to save man from sin, it would mean that all man of Earth would become Christ Conscious at once! They would instantly pass through all stages of growth – the primal stage, the genius stage, the Cosmic Conscious stage and the final Christ Conscious stage. To do this would render Creation purposeless. THE PURPOSE OF THE Creation is to act the play of Cause and Effect in a universe of “Time”. Any man, or God Aton, who could save man from the “sins” of experience would be defeating the purpose of the play.

It would mean that a man who builds an automobile must build it complete and perfect at once and never pass through Time’s stages. The picture must be finished without the sequences of brush strokes, most of which are wrong brush strokes which are ever been corrected to attain final perfection. The wrong brush strokes are akin to man’s so-called sins. They are experiments made in finding the way. All of life is an experiment if finding the way to live.

Do we not see, therefore, that the pagan belief of yesterday must be cast off in order that today may be an advance beyond yesterday? Do we not see the world cluttered up with these pagan beliefs? Do we not see that man becomes what he thinks, and if he thinks evil he becomes evil? Do we not see, therefore, that sin and evil are man-made products which do not exist in Nature? Do we not also see that this world of fear and chaos is also man-made by talking fear, teaching fear and creating fear, even unto creating a God Aton of fear??

Is there any wonder that the world is what it is, a fearing, crime-ridden, man-killing world which talks of brotherly love without acting it, which pretends freedom of thought and speech but practices intolerance, a world which fervently prays to ask God Aton to stop wars which man has made (and what only man can stop), a pious world which makes a great show of goodness on Sundays in ten times ten thousands homes and churches but has killed and enslaved over hundred million people within the last fifty years instead of giving love and service to its own brothers whom it has killed.

Is it not time that man should begin looking at man squarely in the face and acting himself many questions? Man will not do this because he does not think it necessary. Every man thinks HE is quite right but OTHERS may be wrong.

Man in mass is not yet willing to say, “I DO NOT KNOW. TEACH ME SO THAT I MAY KNOW THE WAY.”

3. The Laws of God Aton and the Creation

These Laws were given forth by Creator God Aton Aton of Light, and The Creation, and are also called The Laws of Balance.

a) The Highest command of The Law of Creation is: Achieve the wisdom of knowledge inasmuch as this will enable you to wisely follow the Laws of the Creation.

b) The highest command of The Law of God Aton is: You shall Honor God Aton as the Ruler of the human races and follow His Laws for HE is the "King of Wisdom."

We attain spiritual perfection by learning and wisely following the Laws given forth by God Aton and Creation. We I9arn through the Spirit of God Aton within us how to live in harmony and balance with all of Creation. The Laws are as follows:

1) You shall have no other God Atoms than the Creator God Aton before you and abide with the Laws of the Creation which encompasses all. Also known as the "Law of One".
4. Holy Moses

As an example of connection with Spirit within, let's talk about Moses. Holy Moses. About Moses and the Ten Commandments.

So I'm going to talk about this dear once, Moses also incarnated as the one we call Mohammad. Moses is wonderful for taking on the issues of people, whether they were slaves, whether they were impoverished, he was excellent at that. Going into the groups of some of the neediest and taking on their issues.

I would tell this about Moses – he wasn't much of a leader, actually. He carried too much on his own shoulders. He got so upset about things. Moses had a bad temper – a really bad temper! But he was also a martyr in his own right.

So, to resume! So Moses, in approximately 1300 B.C., a long, long time ago, Moses went up to the top of the mountain – Mount Sinai – and encountered a burning bush. Well, he thought it he did. It was a type of illusion, but it was his own anger and his own frustration at his own people and at himself, at his leadership. He felt “What kind of leader would spend 40 years wandering around the desert? What kind of leader couldn’t really give answers to the people? What kind of leader am I?” he thought, going up to the top of the mountain. But also really upset with his group. He felt they were inept. He felt that if they were stupid enough to follow around an ineffective leader, they were really stupid! So he went up to the top of the mountain and encountered the burning bush, which was really a symbol for his own anger and frustration. And it was also a symbol of transformation because he and his people were choosing now that it truly was a time – it needed to be – for some changes. So in this inspired moment of consciousness Moses heard the voice of God Aton, but it was actually his own voice, his own higher consciousness, and the voice of his people. He was having a channeling right there up on top of the mountain with the burning bush. He attributed it to God Aton, of course, because he didn’t know who else to attribute it to.

But in this inspiring moment, he received the Ten Commitments from Spirit, the commitments to what Spirit – our spirit – will do for us. The commitments that our – what we would call – our Higher Self, our divine self, has for us each and every day. Moses received these. Of course he really didn’t truly write them on the tablet at the moment. That would have been too heavy to carry down the mountain. But he went down the mountain after this incredibly transformational, sacred experience filled with what we would call light, filled with new consciousness, excited to gather his people together and to talk to them about the Ten Commitments of Spirit or of God Aton. To share with them God Aton’s willingness to co-create, to share with them the fact that the Spirit was already there and it was already there.

But as he was walking back down the mountain, back through the villages, he saw people fighting with each other. He saw merchants cheating the customers. He saw people stealing food and stealing goods from each other. He saw...
people cursing each other. He saw a couple in the back alley making love to each other even though they were not married to each other. We get the point, don’t we? And he said, “Dear God Aton, how can I possibly share these Commitments that you’ve given with these decrepit humans who are still following me around? How can I possibly give them these Commitments, because they’ll just profane it? They’ll just make it even worse. Dear God Aton, we have to talk again.”

So he turned around and walked back up the mountain – this time no burning bush – feeling very angry and upset with his people and said, “They don’t need to know about the Commitments of Spirit, they need commandments. They need rules, and they need laws.” So he threw out the inspiration that he had received. He walked back down the mountains, and he found one who could record, and he sat before them as they recorded his thoughts, and he actually originally came up with twelve commandments.

Over a period of time these have gotten changed and revised and translated into what we now know as the Ten Commandments, and for some 3,300 years these have stood as a basis for consciousness in our society, because so much of the world today follows this type of religion or philosophy. So these are very ingrained in consciousness, and it is our desire today to talk about the Ten Commitments in the New Energy, the Ten Commitments of Spirit.

5. The New Energy Commitments from Spirit

Now I’m going to explain the New Energy Commitments from Spirit.

Commandment number one: I am my Lord God Aton. I put no other before me.

The New Energy Commitment is quite simple – I am God Aton, also. I am God Aton, also. I’m it. There is no father in heaven or anything else. I am the Creator. I am God Aton, also. It’s that simple, and that is the commitment, the commitment that Spirit is already here and already within me.

Second commandment: Thou shalt not worship false idols.

The New Energy Commitment is that I do have all the tools within me. I don’t need to look anywhere else for them – all of the tools. I don’t need to worship crystals and we don’t need to carve out statues of God Aton. I can admire the beauty of things on Earth but I already have all the tools within me. I don’t look on the outside, because they are already within.

Commandment number three: Thou shalt not take the name of the Lord in vain.

The New Energy – I love and respect myself. I love myself. I don’t feel guilty about loving who I AM. It has been put into consciousness that there is something wrong with loving self. So humans tend to curse themselves. It is about loving me without judgment, openly and freely.

Commandment number four: Honor the Sabbath.

This is like the Rocky Horror Picture Show!

I take time for myself. I take time to breathe, I take time to rebalance. There are so many demands upon my time and my energies that I get pulled in every direction. I fall into bed at night exhausted, but then able to sleep because I’m not worrying about everyone and everything else. I take time for myself.

Commandment number five: Honor thy mother and thy father.

Now, if Spirit really knew my mother and father, Spirit would never have written that commandment! In the New Energy it is about honoring the masculine and the feminine, honoring the child and the parent. Honoring every part of me, every aspect, allowing them to come back home to me in this Now moment, in this reality, I honor everything about me.

Next commandment 6: Thou shall not kill – Enjoy life.

Well that’s a pretty obvious one in the Old Energy, I guess. In the New Energy – enjoy life. Enjoy life. It is that simple.

I’m here on Earth in my body. I’ve taken on easy tasks and assignments of being consciousness leaders – enjoy life. There are so many rules that have been created by people like Moses about what I can and can’t do, so I feel that it’s a sin to actually enjoy life and this concept has been perpetuated by nearly everything and everyone. But, what greater, greater joy than actually enjoy life.

I enjoy the food I eat, it won’t turn into fat in my body then. It will process itself quite naturally getting rid of what I don’t need. I enjoy taking time, even if it’s reading a book, watching television. I enjoy life from the moment I wake up to the moment I go to bed and while I’m in my dreams. I enjoy life. It’s not a punishment to be here. This isn’t a prison sentence. It’s not a bad karma that I’m working through. I choose to enjoy life.

Now, the next commandment 7: Thou shall not steal.

I have all the energy within me. I don’t need to take it from anyone and I don’t need to give it to anyone. For so long people had been stealing my energy and I had been stealing theirs. But I come to a point of sovereignty and I realize that I have it all within me. I have it all within me anyway.

I do understand that I don’t need to steal it and I don’t let anybody steal it from me. I go within every time for every answer, for every resolution, for everything in my life. I don’t need to steal it, and don’t let them steal it from me.

Next one ... interesting one 8: Thou shall not commit adultery.

Now, some may feel very guilty when I said that! Please let that go. That is some very difficult karmic energy if I’m hanging onto that.
What it’s really about, again, I love myself. It is about being true to me, to who I AM. I don’t have to go anywhere else for the answers; it’s about being true to me. I don’t need to cheat on myself. I don’t need to lie about my life. It is about accepting every part of me. It is about once again, I love myself. That is the way of the New Energy.

Next commandment 9: Thou shall not bear false witness against thy neighbor.

In the New Energy it is once again about trusting me, I trust everything about me. **What a great thing to trust who I AM.** Trust that I AM so much, once again, I don’t have to lie, I don’t have to cheat, and I don’t have to steal.

I Am Who I AM, and I’m proud to pronounce that, I know that I am God Aton manifeston Earth. I know that I am capable of balancing myself at any time. I’m capable of creating new consciousness.

Final commandment 10: Thou shall not covet thy neighbor’s goods.

Did you know that originally there were two more commandments from Moses? When you read them you will realize who and why erased them.

**Commandment 11: Thou shall never, never speak up untruth.**

**Commandment 12: Thou shall not take usury from your brethren.**

And on that I throw out all of the old commandments.

And that last one about coveting thy neighbor’s goods, it is about taking a look again at my life right now. I don’t need to be envious of anyone else. I don’t need to be wishing me had done it a different way. It is about honoring and respecting me for the way that I chose to do it in the past. It is about taking what I would consider a mistake in my life and going into that energy and realizing it was just an experience. It was a choice that I made that has gotten me to this place. It wasn’t anything that was a mistake; it was actually something that brought greater experience into the spirit of my life.

The commitment of Spirit in the New Energy is to support me and to balance me, to be in me, to rejuvenate me, to know me and to love me. But it’s not a Spirit in some far off place. It’s the Spirit of me right now.

And those are the Commitments of Spirit in the New Energy.

This is moment of releasing all of the old commandments. Whether they are from Moses or whether the ones I created for me, I let them go. I’m in this moment right now. I’m in this new energy. I make a commitment to myself to be, to love, to experience and to express.

6. Conclusions

The highest Commandment of God Aton and The Creation: **KNOW THE LAWS OF GOD ATON AND THE CREATION SO THAT YOU CAN WISELY FOLLOW THEM!**

From September 18th 2007 there is on our planet the new conscious energy which responds to human consciousness. Creation with the new energy is limitless and powerless.

The New Energy Commitment from Spirit is quite simple: **I am God Aton, also.** I am God Aton, also. I’m it. There is not some father in heaven or anything else. I am the Creator. I am God Aton, also. It’s that simple, and that is the commitment, the commitment that Spirit is already here and already within me. I love myself. I trust myself.

Author Profile

I was born on August 6, 1950 in Grab, Montenegro (former Yugoslavia).

1982 – Acquired my PhD in the field of atomic and plasma physics, at the same Faculty, under the title: “Regularities and Systematic trends of Stark Width and Shift Parameters of Spectral Lines in Plasmas”.

1985 -1987 Spent two years as fellow of the Alexander von Humboldt Foundation from Bonn (Germany) at the University
Düsseldorf developing plasma UV-spectroscopy at the tokamak UNITOR and performing measurements of the plasma instabilities in the scrape-off layer at the tokamak TEXTOR in Jullich (Germany).

1987 – 1991 Worked as the guest scientist at the Max-Planck-Institute for Plasma Physics in Garching by Munich (Germany) performing measurements of the magnetic field configuration at the stellarator W7AS as well as the measurements of the limiter heat load.

1991 – 2000 Was working in the Institute of Physics in Zemun (Serbia) on investigations of the plasma force-free configurations and in 1995 I acquired the Research Professor degree.

2000 – At the end of 2000 I chose to leave the Institute of Physics and went on my own way to discover and learn the God Aton Aton’s principles and laws of creation.

After 18 years of the progression toward that sacred goal, I finally succeeded and now I know many of the God Aton Aton’s creational principles and laws (unknown until now) and can apply them for the simple and efficient creations which make the basis for a new life quality on this planet.

I am a pioneer, creating with the New Conscious Energy and building a new civilization without electricity. I’ve developed the TESLA RADIATION BALANCER – the genuine product in form of a self-adhesive sticker certified by the Hado Life Institute of Dr. Masaru Emoto which 100% balances radiation from any device, if attached to it, protecting the human body and environment from its harmful effects and eliminating with time the damages already caused by the radiation. It can be successfully applied to: cell phones, computers, laptops, microwave ovens, cordless phones, tablets, wireless monitors, Wi-Fi routers, TV-sets, Radios, and any other source of radiation.

The upgraded version of the TRB is my QRB (Quantum Radiation Balancer) which is protection from any kind of negativities, including 5G, and is integrated in the product 5GBioshield – 5gbioshield.com.

Thanks to the consistent pursuit of my Leitmotif “The Authority of Truth rather than the Truth of Authority” I have experimentally proved the true atom, cell and particle “ATON” concept. According to the “ATON” concept, atoms, cells and particles are made of light which are spinning around the centering Mind (Spirit) points (the black holes). Nature expresses energy as electric potential in only one way, which is the same way both for the atomic and for the stellar scale: by projecting mentally the rings of visible light which are spinning around the centering Spirit points. This amazing beauty of creational simplicity is the basic fundamental truth of a new science that is based on the knowledge of the cause.

I wrote two books: “GOD ATONATON IN THE ATOM” and “DODECA 101 LOVE ENERGY” which are available on my website.

I use to practice sport very gladly and am a unique tennis coach. Website: http://www.teslastyle101.com
