

Moral, Character, Knowledge and Search for God Aton

Abstract: *A unified civilization is only possible when MAN, as a whole, shall have found the Light within himself. We've been experiencing the world which is grossly ignorant of its greatest essential - CHARACTER. We are continuing to build a criminal, immoral world of fear and licentiousness because our concept of values is "material". This civilization is forever trying to "gain the whole world at the price of losing its own Soul". The most important and noble attribute of (wo)man is CHARACTER. The intent of all world's institutions is not only to NOT build character - but in fact, to tear it down completely. In every facet of our lives - personal and social - we have been betrayed and pushed into deeper ignorance. Every symptom which existed as cause of the fall of other great civilizations exists today in our whole world. Enmity, fear, greed, lust for power, hatred, a fast lowering culture, a fast increasing sex looseness and promiscuity including teen-agers, treason, slavery, crime increase and race hatred, and the killing of an average of a million brothers of men by other brothers of men, have lowered the standards of world morality, honor and character. Mankind will continue to fall in eternal sequences of Dark Ages until man as a whole, and all of his institutions as his working parts, realizes: "In vain do we build the city if we do not first build the man." You can trace all of your ills and the world's terrible troubles to that inequality in the transactions of Man in Action, which leaves a residue of imbalance which has not been able to be united with its mate. The greatest miracle which can happen to any (wo)man is the discovery of her/his self. God has always been made by man and in man's image! Man created SIN by crucifying LOVE on the cross of bestiality. Love has not yet entered the portals of the human race to any who have not known mental as well as physical matehood. This is your life - human! You forgot to read the instruction manual for your operation.*

1. Introduction

This article is a part of the "WORD" promised by God to be presented to the spiritual beings on "EARTH" to study at these end times [1-11]. Blessed are those who come in touch with them and since God does not force anyone to believe anything in it, through free will, all have to discern and make their own choices for their "physical life" experience through their "soul" evolution.

I am God-intoxicated man, I love the truth and I share gladly with all of you who are open for it and will love it, too.

I must state that I deeply know my responsibility to you who are seeking to awaken the Light of all-knowledge and power within you and to the world of men who are seeking to build a unified civilization which is only possible when MAN, as a whole, shall have found the Light within himself.

2. Diagnose

We've been experiencing the moral world which is fast sinking because all of its institutions base their beliefs upon the education of man's body instead of upon his Mind. We, and all mankind, will be caught in that maelstrom of world-degeneration and immorality whether you will it or not. My responsibility to you - and yours to the world - hangs heavy upon your beings as I continue to present these lessons. I can give you the key to the door of heaven, but it is for you and the world to turn the key and enter into its Light. That key is KNOWLEDGE, for ignorance alone keeps man imprisoned within his body and compels that body to ever walk the treadmill of a physical existence under the lash of its slavery.

We've been experiencing the world which is grossly

ignorant of its greatest essential - CHARACTER. We are continuing to build a criminal, immoral world of fear and licentiousness because our concept of values is "material". The Soul which ties man to God Aton is not only allowed to sleep, but is forced to sleep by a civilization which is forever trying to "gain the whole world at the price of losing its own Soul".

I ask that you stamp these next words upon your Consciousness with indelible ink:

- 1) The MOST IMPORTANT THING in life is what you do to your neighbor.
- 2) The LEAST IMPORTANT THING in life is what you or your neighbor believes.
- 3) He who gives of himself to his neighbor enriches his Soul and builds character, but he who takes from his neighbor seals his soul in its tomb and enslaves his body to the world-treadmill from which there is no escape other than the awakening of his Soul.
- 4) The most important and noble attribute of man is CHARACTER.

What are world institutions, which are endeavoring to build a stable civilization, doing about the building of character in the world? What are education, religion, science and government doing to build the character in man which is a necessary prerequisite for a unified civilization? This is the need for thousands of pages so that you can see that the intent is not only to NOT build character - but in fact, to tear it down completely. In every facet of our lives - personal and social - we have been betrayed and pushed into deeper ignorance.

EDUCATION is entrusted with the unfolding of Mind-awareness which alone unites man with God Aton. *The*

primal necessity of education is the building of character in man through giving him knowledge of the arts and skills of man's produce and of the interchanges between men which make better neighbors and citizens. It is, instead, creating machine men, robots and parrots who remember and repeat instead of geniuses who think and know. Education is training bodies instead of illumining minds. Our schools and universities have teachers for everything but CHARACTER.

RELIGION is entrusted with bringing love into the world in order to unify mankind into ONE WORLD. Religion is the most disunited organization on Earth. It consists of over 400 disunited sects which are divided one from another by unnatural pagan beliefs in miracles, superstitions, creeds, dogmas and doctrines which have bred disunity, intolerance, fear, ignorance and licentiousness throughout the world for long centuries. DISUNITY CANNOT UNITE.

The Christ who founded Christianity told the world of a God Aton of Love, Unity and Brotherhood of Man. The many religions teach fear, sin, evil and a God Aton of wrath whom man must fear. They teach GOODNESS as a **reward** for virtue. They teach many things which Immanuel did not say - things forged into the New Testament by those who wished to keep fear alive in man for their own profit.

Religion has fought science and the acquisition of knowledge since its very beginning to keep fear of eternal damnation and freedom to think alive in him. Its history is written in the blood of martyrs who suffered the tortures of the Inquisition. The eyes of thousands of "heretics" have been gouged out for refusal to believe the excesses of its creeds and doctrines. Even unto this day the charge of heresy rises quickly to the tongue of one churchman who believes a shade differently from another one, for freedom of religion is not a characteristic of churchmen. That one thing which the Christ deemed most necessary in His teachings - brotherly love and unity - is impossible in a disunited system of many religious beliefs and faiths as it is for the dark to illumine with light.

SCIENCE, which is entrusted with the responsibility of verifying God Aton by acquiring knowledge of God Aton's processes of Creation and other qualities of the Creator and Creation, has denied that responsibility on the ground that God Aton cannot be verified in the laboratory. Instead of being the equal mate to religion which, together, could lead mankind to a comprehensible God Aton, science has severed itself completely from the responsibility of having anything to do with man's Soul and has relegated its offices entirely to the multiplication of the product of man's body, and draws no line between the production of implements which man needs for body comfort or which nations of men need for body destruction. There is not one-quarter of an inch provided for in the platform of this great element of social welfare for the development of the most needed element of the social order - CHARACTER.

GOVERNMENT, whose very essence is unity - and whose very purpose is to serve its people in order that their complex and diverse interests can be resolved into one harmonious working whole - does not fulfill that purpose and never has. Government governs; it rules now as it

always has. Governments and rulers have built empires by slaughtering and exploiting other nations of men. They have spread hatred and fear throughout the world and created enemies which have impoverished them and caused them to tax their peoples for generations to come as the fruits of their RULING.

Governments started as the expression of power and might of ONE MAN OVER ALL MEN. Pharaohs, kings, emperors, czars and other absolute rulers of nations governed justly or unjustly, brutally or kindly, but in them was all the power of "might-over right" which each potentate chose to exercise. Wars began that way. One king desired more power and wealth and got it, or lost his own by descending upon his neighbor with his sword. It has ever been thus since the dawn of history. The lust for power has always crushed the desire for spiritual unfolding of man which built character in him.

No greater element of your social order is so tainted with the qualities which foster a criminal growth than politics. The very word is tainted with the connotation of corruption and bribery. Like other elements of our present social order, government standards are fast declining. The statesmen of today have not the standards of dignity which were characteristic of our first presidents. Empires have ennobled pirates, conquerors and magnates, but God Aton ennobles only those whose characters have made them like unto Him.

As far back as our counting of 35th century B.C., represented by monuments erected throughout the world, is evidence of man's search for power in which the machinery of human government became the organized expression of the thirst for power - the appetite for the exercise of force. Practically every war ever fought has been a political one in which one man, or one nation, sought for power over other men or nations and/or to gain of their wealth. Up to this very MOMENT in this generation today, one man in many nations had the power of life and death over every man in his country. In no other organization of human life has the thirst for power been so drastically exercised, and by might-over-right methods which are the opposite of all that is morally "Christian" or ethical.

Religion and government have persistently fought each other for power supremacy since the dawn of history. That power, which both church and state fought for, was the power over other men, and such power was always based upon self-motives. I am not criticizing any world institution - I have no purpose or intent to do so. I am telling YOU what the matter with OUR WORLD is, just as a physician must diagnose an ill patient. It cannot be said of the doctor that he is criticizing a patient by telling him he has a cancer. Must it always mean that if I tell Truth I am somehow less your friend? The human race is still primate intellectually and barbarous physically, and that includes your institutions. If we, who are teachers of God Aton's ways and processes, cannot diagnose world faults and thus help to cure them, the world will still suffer from its ailments without knowing what those ailments are. The world needs leadership, but when the church or government desires power, leadership then means dominion over men. However, it should be guided by the teachings of one of God Aton's Messengers who taught that

the leader is best who works WITH men in such a manner as to make them believe that they DID IT THEMSELVES!

3. Development of Character in Man

I offer unto you these things so that you will know what the matter with the world is and offset it by the one and only thing which will offset it, **the development of character in man**. A certain statesman said that we might cure the ills of the world, "If we only knew what they were." In the foregoing writing I have told you what they are. The question now is shall we **remedy them, or have we time to remedy them? Has the world fallen too low to remedy them?** Every symptom which existed as cause of the fall of other great civilizations exists today in our whole world. Enmity, fear, greed, lust for power, hatred, a fast lowering culture, a fast increasing sex looseness and promiscuity including teen-agers, treason, slavery, crime increase and race hatred, and the killing of an average of a million brothers of men by other brothers of men, have lowered the standards of world morality, honor and character more since 1900 than the world has gained in eight centuries prior to 1900, and with it world culture has degenerated in like measure. This does not, you must know, include murder through "legal" means such as abortion.

I am now to the point where I can paint the whole world picture of the struggle of man very simply and briefly. For at least a million years, man has been able to make implements for his domestic and war purposes, but not until about 8,000 years ago did he know right from wrong. He led an instinctively controlled life supplemented by primal reasoning ability for survival only.

Reduced to its ultimate simplicity, the fight for survival of body means TAKING what one needs for survival of body. To take from others means the development of the physical power and strength needed for taking.

AXIOMS

THE PHYSICAL EXPRESSION OF UNFOLDING MAN IS EVIDENCED BY TAKING.

THE SPIRITUAL EXPRESSION OF UNFOLDING MAN IS EVIDENCED BY GIVING.

The Dawn of Conscience came into the human race about 8,000 years ago, and with it simultaneously began the Dawn of Character and Righteousness. I mean by that, that man began to know right from wrong and began to govern his actions accordingly.

Two thousand years of increasing ability to think and create gave to man a language and an ability to carve that language into words, symbols and forms on the stones of his tombs and temples. Thus began the ages-long fight between the physical desires of primal man as expressed by TAKING and the slowly dawning spiritual man as expressed by GIVING. Even the giving of justice, consideration and friendship until then was unknown.

The **fruits of the TAKING principle** are the exercise of might-over-right for acquisition of power and material possessions. The **fallacy** of the taking principle is that what one **takes** from another to enrich one's self with possessions

and happiness will impoverish him instead and bring anguish to his house in the measure of his taking. The law respecting the taking principle is that the exercise of might-over-right by the strong over the weak will strengthen the weak to destroy the strong. The slave will always rise to slay the master. He who slays by the sword is slain by the sword. The richest and most powerful empire builders in the world have been reduced to living on rations behind barricades of armaments lest they be destroyed by the descendants of those whom they have destroyed.

The **fruits of the GIVING principle** are love, happiness, inspiration and the exaltation which comes only to those who have become aware of the Inner Light to some extent. The **law** respecting the giving principle is that what one gives he always has whether or not he is regiven, but he who gives is regiven in kind.

There you have it, precious ones, the story of the rise of man from his jungle to his high heavens. It is the story of ages-long learning the lesson of love through countless experiences in which the unfolding of the spiritual in man gave to him more and more awareness of the Light of his own divinity and Oneness with God Aton.

Now returning to the meaning of higher knowledge. If what you do to your neighbor is the most important event of every moment, can you not see, therefore, that you either TAKE or GIVE to him in every action? If you TAKE, you are exercising primitive physical practices which will react against you. If you GIVE, you are storing up the most valuable attribute a man can acquire - CHARACTER - and you are on the road to making the supreme discovery of your Self, which is the goal of all mankind.

Is it not plain to you that the Creator of forms for His IDEAS has as distinct a pattern for the unfolding of world destiny and your part in it as He has for an oak tree or a butterfly? Is not all Creation patterned in the form of its IDEA? Do you not truly realize this glorious fact? If you do, I can now return to the statement that God Aton sends illumined teachers among men during every period of man's unfolding to re-inspire in them the inspirations He has given men. This has been so since the beginning. You know of them as far back as around the 34-35th century B.C. You have known about two of the greatest of these, Immanuel "Jesus" and Krishna. Their basic teachings to you were for the sole purpose of awakening the Light of God Aton-awareness in man and the development of nobility of character in man. There are hundred to two hundred lesser teachers whom God Aton has illumined down the ages, in differing measure, to give you the great gift of character which is the fruit of those who have become transformed from one who TAKES to one who GIVES.

These names are those of the immortals who will never be forgotten to the very ends of history. The reason for and the measure of their immortality lies solely in the fact that they have learned to walk and talk with God Aton, and because of that fact they have learned to give priceless gifts to man which endure forever. These mystics, prophets, poets, creative geniuses of the arts, and wise sages, are what they are solely because they have transformed themselves

through knowledge within them directly from God Aton, instead of acquiring only the simulation of knowledge through their senses. These are the Messengers of God Aton to man who give of all they have and enrich themselves and the whole world by their giving.

Do you know what I mean by this? If not, think of a Beethoven or a Leonardo. These men cannot help giving all they have of themselves, whether they are regiven or not. They cannot be impoverished by thus giving for they are like unto wells of living waters. The more they give, the more they have to give, and God Aton's law works as surely for them as it does for the lily in the field which gives no thought of reward for its perfume, and it will work equally for you in the measure of your awareness of the Light of your divinity.

I tell you that immortals from every age left heritages to man for the building of character in him. There has been no interval in all history in which messengers thus prepared have not been among men to transform them and awaken in them that Light which will make of one man out of ten million. I wish to leave with you one other thought before I give you the greatest teachings the world has ever known, teachings which have had no meaning as yet to the human race which is still in its early barbarous stage of TAKING by man-killing, teachings which are the basis of character but ignored by your educational institutions. That one thought is that every illumined Messenger ever born to Earth for the purpose of uplifting the moral standards of man brought only one message, and that could be put into these words - LOVE YE ONE ANOTHER. Their teachings were limited to telling people how to live to manifest the Love principle upon which this universe is founded. In reviewing these teachings since recorded history began about 60 centuries B.C., you will find that one golden thread running through all divine Messengers' teachings. I will now search for that golden thread of the master poets' and mystics' thinking to tell you why that which they have given to the world should become the source of higher educational teachings for the building of a moral and righteous civilization, and why their omission from human educational teachings is the cause of the present growth of crime and degeneracy which will inevitably plunge all mankind into another long Dark Age.

It is difficult for people who ride in luxurious motor cars and live in comfortable homes to believe this for most of the world believes that you are in a high state of civilization. The poets know better, however. Listen, to what Emerson said to the world in the 1870's:

"We think our present civilization near its meridian, but we are yet only as the cock-crowing and the morning star. In our barbarous society the influence of character is in its infancy."

Herbert Spencer said at that same time:

"Our civilization is based upon piracy. Until we become a moral and ethical people no civilization can endure."

James H. Breasted also said:

"The more pressing need of America at the present critical juncture is not more mechanization but more character."

I myself said in 2012:

"The nicest example of imbalanced oscillations is OUR CIVILIZATION! Yes, we are approaching to dissolution of our civilization because of the nuclear technologies and nuclear reactors ... "

Your greatest Minds of all time gave their messages to mankind in vain. They have been ignored because man was not ready for them. The physical man is still dominant and he wants only a physical world with more comforts for his body, more machines to multiply his physical productivity, and more and better explosives with which to kill. Man has not yet discovered that such a world breeds crime as well as wars. I do not mean the underworld crimes alone. I lay stress upon the inevitable increase of treason and that kind of disloyalty which leads to rebellion and governmental overthrow by war-made enemies boring within.

Empire building and colonialization have furnished the cause for the state or world hatred which exists today, and lack of teachings which build character and righteousness was the cause of empire building.

It is not too late - there is still hope for the reversal of world degradation if the educational and religious organizations would even now build character and righteousness in man by giving him the knowledge of the higher teachings of God Aton's few Messengers who He illumined for that purpose.

In conclusion, I have now laid the foundation for your full comprehension of what higher knowledge means, and have clearly shown why mankind will continue to fall in eternal sequences of Dark Ages until man as a whole, and all of his institutions as his working parts, realizes: "*In vain do we build the city if we do not first build the man.*"

Next we will go back to the earliest known Messengers to man, about 8,000 years ago in Egypt where the Dawn of Consciousness and Character began. I will trace the essence of their teaching down to this day. It is my hope that the inner knowledge will begin to become apparent within each of you.

Remember, as I close this chapter and allow digestion and a bit of rest - BALANCE. The other words were added to help man comprehend that one word.

4. Unity

Another thought is to ask you to give deepest thought to the word UNITY and realize what that word means to your physical and spiritual manifestation of God Aton in Action. Fully realize that unity is impossible if the pairs of a transaction are not equal. I have to tell you that you can trace all of your ills and the world's terrible troubles to that inequality in the transactions of Man in Action, which leaves a residue of imbalance which has not been able to be united with its mate.

Learn to think of the two equal hemispheres of the sun as a perfect mating. **Each half is equal, and each half cannot function without the other.** Think of yourself and your mate that way. Say to yourself, "I have no intellect of my own, or body of my own, or thought of my own. The other half is my wife/husband and I cannot fully function unless both halves are as equally balanced as the two hemispheres of the sun." If you can think and act that way, you multiply the power of both immeasurably. Likewise, **every transaction of life is between pairs, and the pairs must balance with each other in order to become united.** Will you take this thought into every moment you can give to meditation for it is the biggest thought in all civilization? **If you can master it all else will be added unto you.**

5. What is higher knowledge?

Higher knowledge comes to man solely through the unfolding of intelligence within him which leads him to discover the light of his own divinity and Oneness with God Aton.

DEFINITIONS:

Knowledge is Mind-Idea.

Consciousness is Mind-awareness of Idea.

Sensation is a body awareness of pulsing tensions taking place in nerve systems of bodies due to the interchanging of wave motion in creating matter.

All knowledge eternally exists in the God Aton-Mind of the universe -God Aton is knowledge and power. Man's measure of knowledge and power is the measure in which he acquires God Aton-awareness within him. Man cannot acquire knowledge through outer-observation by his senses. He can but acquire information that way.

Sensed-bodies cannot know anything. They are limited to a sensed-awareness of motion, for sensation is impossible without motion. Sensed-bodies see, feel, hear, smell and taste, but that is all they do. Sensed-bodies are devoid of intelligence and are limited to brain-reasoning from observed effects. They can never acquire knowledge for knowledge is distinctly a property of the Mind, and the brain is not the Mind. When that Light of Mind-Consciousness is awakened in man, he has arrived at his first beginnings of God Aton-awareness in him. Knowledge then begins in him, and not until then. He then begins to create instead of imitate.

Immanuel told these facts twenty centuries ago and they have had no meaning all down through these ages. The great tragedy of His teachings was the unreadiness of man to comprehend them in His day and in ignoring their import in this radio and electronic age when human intelligence has unfolded sufficiently to quite easily comprehend them. When He was asked-"..when the kingdom of God Aton shall come", these were His words: "The kingdom of God Aton cometh not with observation. Neither shall they say, lo here! or lo there! for behold, the kingdom of God Aton is within you." St. Luke 17:20-21.

It seems quite inconceivable that the consequential universities of learning have paid no attention to these very plain statements, for their sole method of gaining knowledge is through sense-observations which merely inform one of effect while knowledge lies in cause. It is also extraordinary that the objective God Aton as accepted by the "pagan" definition could still persist with that very plain instruction which tells where to find God Aton.

6. More explicit definition of higher knowledge

You MUST KNOW what we mean by higher knowledge that I stop here to again give definition. A clue to your greater understanding lies in the one supreme fact that **THE GREATEST MIRACLE WHICH CAN HAPPEN TO ANY MAN IS THE DISCOVERY OF HIS SELF.**

When we use the term SELF as applied to man, we mean the DIVINE SPARK OF GOD ATON-AWARENESS which severs the physical body from the Cosmic Light of Mind. The discovery of one's Self, therefore, means the discovery of one's divinity which unites man with God Aton.

Human educational institutions have quite a different concept of man, however. They base their study of man upon the premise that man is body. The study of man for that reason has never passed beyond the science of psychology which has kindred terms to describe it, such as psychoanalysis, functionalism and structuralism.

The entire principle of psychology is misunderstood, misrepresented and misnamed. Its dictionary description stems from the word **psyche** - meaning the human soul. There is its claim and right of name. Its own definition is far from that and is absolutely unrelated to soul. Here is psychology's own definition of itself, and this definition is substantiated by its practice. These are the words of that definition:

Psychology is the study of man's (meaning body) adjustment to his environment, of the instruments he has evolved to aid him in adjustment, and of the ways he can improve his adjustment through learning.

This very palpably means BODY - both as to man and as to environment, for all adjustment of man to his environment means SENSE-adjustment, not Mind-adjustment. The Mind needs no adjustment.

Psychoanalysis is still more physical in its connotation. Also, it is based upon a condition which is non-existent in Nature - the condition of **unconsciousness**. When one sleeps, his senses are unaware of his body simply because of the weakness of the depolarizing current of his body. In other words, his senses can no longer vibrate sufficiently to THINK, just as a harp string can no longer produce sound when its vibration frequencies lower beyond a certain point. Psychoanalysis tries to cure personality defects which have their cause "in the UNCONSCIOUSNESS". It endeavors to make the patient bring the UNCONSCIOUS part of his personality into CONSCIOUSNESS. This basic misconception of the meaning of CONSCIOUSNESS places the entire science upon a purely physical basis and does not

touch the mental or spiritual. What the above sentence means could be more properly stated as follows, "It endeavors to make the patient recall his forgotten dormant brain records by stimulating his REMEMBRANCE OF THEM." Moreover - it is not the "UNCONSCIOUS" by ANY description - it is the SUB-CONSCIOUS! So you see, you do not have the right definition of action nor even the right term of definition for the state of consciousness.

Psychoanalysis is engaged solely in "behaviorism" and endeavors to straighten out abnormalities by restoring normal behavior rhythms. It is as purely a clinical and physical practice as the doctor's practice is. It endeavors to do for the brain what the doctor does for the heart, and that is all. It succeeds doing that in many cases and contributes value to medical and criminal practice because of that, but it is not any more entitled to claim its relation to Mind or Soul than the heart specialist or obstetrician is entitled to make that claim. Perhaps an Ophthalmologist has better claim if he can fix the "eyes". It is merely one department of body-repair service **and that is all it is. Proof of this fact lies in the acknowledged lack of power to explain (1) the nature of the learning process, (2) the explanation of thought, (3) the organization of creative abilities and (4) the explanation of genius.** Oh, and we think we can do better? YES. WE CAN EXPLAIN EXACTLY HOW AND WHY IT ALL WORKS!

These acknowledged dead ends of psychology and psychoanalysis and the fact that they mistake low brain potential for a Mind-condition which they so unscientifically, and unnaturally, call Unconsciousness should lift such a science entirely out of the right it has ASSUMED as a Mind-science and the assumption that psychology is HIGHER KNOWLEDGE. It is purely a HIGHER SKILL or another TECHNIQUE which is being made use of by increasing the ability of the senses to reason from observed EFFECTS and assemble those observed effects with the very small amount of MIND-POWER of which the human race has thus far become aware.

Psychologists build a very untrue representation of their science and their powers, as well as their teachings and practice, by their frequent quotation of Socrates, who said: "Man, know thyself." **Man's Self is his immortality.** Psychology does not even touch the rim of immortal Man who is ONE with God Aton. It is concerned only with the body of mortal man while deceiving itself that it is dealing with Mind. When your brother, Alexis Carrel, coined the term SCIENCE OF MAN, he meant **MAN-THE IMMORTAL MIND, not MAN-THE MORTAL BODY.** Therein lies the difference in our teachings and that of educational institutions. There is not one educational institution which searches for the immortal in man or bases its conception of education upon the unfolding of the Mind. Some religious schools claim to do so - NO, they DO NOT. They teach exactly the doctrines as presented for that God of which ever religion they claim - errors and all. In fact, most especially the errors. Most of those schools claim that all you have to do to find salvation and go home to God Aton is - NOTHING - EXCEPT BELIEVE ON JESUS. Funny thing, the name Jesus was applied by an apostle in error and the words were not printed in any fashion for 300 to 500

years after this "Jesus" was departed. No one will get within the place of God Aton on another man's blood - especially that which was spilled at the hands of the very men trying to skate by on another's passage. Now, I suggest all you religious evangelists begin to open your eyes lest a lot of souls in torment be resting on your back through disinformation. Now, please do not tell me I need to come back to Christ - Christ is right here in my presence. Do not do me the favor of praying for my soul, either - God Aton is here in my presence and within my being - there is nothing amiss with MY SOUL - but I am concerned with YOURS.

In your institutions brilliant children are suppressed and genius is not even recognized. Many geniuses have been sent home with recommendations to their families to seek schools for subnormals for them. Your educational institutions are stultifying the mentality of the whole human race by their misconceived belief that the child who can tell you **who** stabbed Julius Caesar and **when**, what was the date of the battle of Waterloo, or what was the cause of the second Punic War (and not one in 210,000 can tell you that one) is far more intelligent than the child who can interpret the rhythms which lie hidden in the silence - you lock those away. Now it is far worse-the schools deliberately brainwash with misinformation and cover-up while destroying great portions of history in hopes of burying same.

Your government gives billions in relief to help the indigent and the moron to survive, but allows its Beethovens and Leonardos to starve rather than to help them. It WAS better in Europe and other countries but it has become the same there as in your nation, now. The garbage from your New World is now sifting into those once great nations and it is a deliberately intended move to bring the world down and into slavery. Remember - ignorant people are helpless people.

I must continually interrupt to re-clarify definitions and make explanations to allow that you are understanding. You must know what higher knowledge means if you are to attain it. **The only teachings which can be considered HIGHER KNOWLEDGE are those which awaken the spark of divinity which lies dormant in every man.**

7. Search for God

ALL-KNOWLEDGE ALREADY EXISTS.

KNOWLEDGE and IDEA are GOD ATON QUALITIES. They ARE. They do not BECOME. **They are within you.** You do not LEARN them. You RECOGNIZE and REMEMBER them when they awaken from their dormant state within you little at a time. No teacher can teach you these things. No book can give them to you. The divine teacher can but re-inspire you with his own inspiration. He cannot GIVE it to you from himself. He can but AWAKEN it from its dormancy in you. That is what we are endeavoring with all our might to do. Your words have their limitations, however. What is written between the lines of those words is what you "feel" in your inner Selves. We cannot write that down, but you can feel it within your own Self if you seek the silences in sufficiently deep communion to become one with our thoughts.

I will quote here the late Francis Trevelyan Miller, poet and

historian. I want to share with you what he says about man, after reminding him that he has had 60,000,000, or more, years to develop his physical body and only 6,000, or less, years of recorded history to evidence his awakening into Mind-awareness. Several thousand years passed after the first dawn of consciousness before he could even record his growth from savagery. I quote him:

“Down through the centuries of human progress, we have come to the World's Greatest Adventure-Man's Search for God Aton.

And what do we find?

We have followed the trail of man's evolution from the four ages when the World was in its making: The Archaic – Paleozoic – Mesozoic-Cenozoic. We have seen man blaze his way out of the jungles of the Stone Age-Bronze Age-Iron Age-until he steps out today in the Scientific Age.

We have watched him as the first gleam of intelligence is ignited in his eyes; and he severs the link in the chain that binds him to the beast; as he begins to stand erect-a human endowed with the power of Reason.

We have seen him as he laboriously gains knowledge by experience in the slow process of time; as he combats the elements and subjects them to his use; as he conquers the wilderness; explores the Earth on which he lives; as he evolves from savagery into tribes and nations; and he discovers the elemental laws of living; and sets up great systems of civilization with his genius.

And what have we found?

We have found that the first and oldest fact in all human creation is man's instinct for God Aton power. It has existed since the beginning of time. It took root in the intelligence of man from the day he became a human being. It has persisted through the ages as surely and as positively as his appetite for food or his instinctive gasp for breath itself.

It is so deep-seated in human consciousness that it never has ceased for an instant- never has been eradicated since the world began. It is the most persistent fact in all life. It is elemental.

This Search for God Aton has covered the range of all human instincts, intuition, emotion, superstition, imagination, creative genius-every form and substance, real and unreal, that the mind of man has been able to conceive.

Just as man himself has come up from the primeval, from the primordial, so have his God Aton-conceptions been equally primitive. They have grown and expanded with his own mentality.

When man is barbaric his Gods are barbaric; when man is ignorant his Gods are ignorant; when man is intelligent his Gods are intelligent. He has worshiped everything-from Anythingism to Fou-Fuism.

As a scientific fact his Gods are always beyond the horizon-beyond his intelligence- superior or supernatural beings. He

creates them out of his hopes and aspirations- his spiritual nature-like evolution, itself, always in a higher form. If, on occasions, the Gods have deteriorated, it will be found as a fixed law that the race itself has deteriorated.

We have found this –

The blundering of man disproves nothing-except his own competence. The hideous concepts of man prove nothing-except the blackness of his intelligence before the dawn.

We have followed the evolution, the unfoldment and growth of this God-idea since its first inception, through to the present day, watching the cumulative processes of its unfoldment.

Like science, itself, its revelations have been slow, but inevitable. Like invention, discoveries and explorations on the earth, it has been a series of adventures in Unknown Realms.

It has kept pace with the increase of human knowledge, slowly divesting itself of superstitions, until it has come out into the clear, open field of science-with which it stands paralleled today and must eventually converge and prove its laws.

We have found that –

Strange and weird as may have been the rituals of the human race in its emergence from the primordial swamps and jungles, appalling as may have been its practices, it has at all times been consonant with its mental state-an exact parallel and complement of the development of the mind. [Does this not strike terror into your hearts?]

Just as man has explored the earth and mapped out its cosmography, so man has explored the cosmic and built up his cosmology. It has been a constant adventure into the Unknown.

We have seen the savages searching for a God of hope to dispel their fear in their fights against the elements-the fight to exist; we have seen the pagans search for God in sensuality and materiality in Assyria, Babylon and Egypt; the ancient Grecians and Romans seeking God in intellectuality. We have followed through India and Persia in their search for God in Mysticism and symbolism; we have seen the Moslems searching for God through philosophy.

We have indicated how Judaism set up the rule of One God and the ethical system of the ten Commandments - and how Christendom is founded upon the principle of man's direct contact with God through the spiritual laws.

It has required prophets of indomitable faith and courage to blaze the way for this world-old search--the spirit of the martyrs, willing to die for an idea or a principle: Zoroaster – Moses-Guatama, the Buddhist-Mahavira and Janism – Confucious-Lao Tze and Taoism-Jesus, the Nazarene-Mohammed.

Let us again affirm the historical fact: No people have ever lived who did not believe in some kind of a God Aton -no race has ever perpetuated itself without this elemental faith.

*Today, the World is seeking more ardently than ever before the solution to this high question: **What is God - and is there a life after death?**"*

I know that you cannot read this without great enlightenment-if you got none-GO READ IT AGAIN, THIS TIME WITH YOUR INNER EYES AND EARS OPEN! **It plainly tells you that God has always been made by man and in man's image!!!!** Two thousand years ago, the pagan mind of that day created a God of fear and wrath, a God who loved blood slaughter and the vengeance of human emotions.

They made Him in their own pagan image. Today two-thirds of the world still conceive of and believe in that pagan God of fear, for this is still a barbarian civilization of fear and people must have a God who is like unto them. They must have such to the extent that groups will gather and by "majority vote" vote in or out the laws of God. Even if the practice of the "thing" about which the law is written will disease and kill the body. Then the same group turns its venom upon the very group that they demanded make the vote. **AND, ALL THE WHILE "THE REAL GOD" WATCHES AND WAITS.**

Two thousand years ago, the people of that day also steeped themselves in the sensualities of sex and made a vile thing of it. They could not then see that God's plan of mating was His one perfect process of creation. They could not see sex as motherhood-and fatherhood-which they understood emotionally, for their vile abuse of sex was the foundation for their belief in sin. Where are you today? Well, **Man created SIN by crucifying LOVE on the cross of bestiality.**

Two thousand years have passed and men still crucify love in the same sensual way. Now it is even more bestial for the orgies are as often and you have added homosexuality to your games-and strangely enough, you do these things while still proclaiming that sex is the basis of original sin, and keep sin-belief alive by sex-sensuality and define that as "making love". Does not any of this seem strange or contradictory to you? Perhaps you can begin to see why **LOVE HAS NOT YET ENTERED THE PORTALS OF THE HUMAN RACE** to any who have not known mental as well as physical **MATEHOOD**. You treat mating and marriage with less attention than you pay to where you will have a special luncheon. These alone know what no one else can know who has not thus been exalted. Not even the unity of two physically balanced mates can give them that knowing, for the union of a pair which ceases at physical union is not a consummation of love until motherhood and fatherhood become **ONE IN MIND**-whether or not there are off-springs. There is no need for the physical act for unions of balance in mating are an energy flow-not a fluid exchange.

We are laying down a foundation for your comprehension of the one great fact of life, that man is ever searching for his divine Self and in thus searching he will some day find his Self and God Aton as **ONE**. Higher knowledge consists of only that which will lead to the Light of man's divinity. All else is but for the body and is as unreal as the body is unreal. Thank you readers for your attention. **THIS IS YOUR LIFE-**

HUMAN! YOU FORGOT TO READ THE INSTRUCTION MANUAL FOR YOUR OPERATION. WE HAVE GIVEN YOU A MANUAL FOR OWNERS OF LATE MODEL PHOENIXES-THIS CAN BE YOUR HUMAN OPERATORS' MANUAL-IT BEHOOVES YOU TO STUDY IT WELL, INDEED [11].

8. Conclusions

A unified civilization is only possible when **MAN**, as a whole, shall have found the Light within himself.

We've been experiencing the world which is grossly ignorant of its greatest essential - **CHARACTER**. We are continuing to build a criminal, immoral world of fear and licentiousness because our concept of values is "material". The Soul which ties man to God Aton is not only allowed to sleep, but is forced to sleep by a civilization which is forever trying to "**gain the whole world at the price of losing its own Soul**".

*The **MOST IMPORTANT THING** in life is what you do to your neighbor.*

*The **LEAST IMPORTANT THING** in life is what you or your neighbor believes.*

He who gives of himself to his neighbor enriches his Soul and builds character, but he who takes from his neighbor seals his soul in its tomb and enslaves his body to the world-treadmill from which there is no escape other than the awakening of his Soul.

*The most important and noble attribute of man is **CHARACTER**.*

The intent of all world's institutions is not only to **NOT** build character - but in fact, to tear it down completely. In every facet of our lives - personal and social - we have been betrayed and pushed into deeper ignorance.

EDUCATION is entrusted with the unfolding of Mind-awareness which alone unites man with God Aton. *The primal necessity of education is the building of character in man through giving him knowledge of the arts and skills of man's produce and of the interchanges between men which make better neighbors and citizens.* It is, instead, creating machine men, robots and parrots who remember and repeat instead of geniuses who think and know. Education is training bodies instead of illumining minds. Our schools and universities have teachers for everything but **CHARACTER**.

RELIGION is entrusted with bringing love into the world in order to unify mankind into **ONE WORLD**. Religion is the most disunited organization on Earth. It consists of over 400 disunited sects which are divided one from another by unnatural pagan beliefs in miracles, superstitions, creeds, dogmas and doctrines which have bred disunity, intolerance, fear, ignorance and licentiousness throughout the world for long centuries. **DISUNITY CANNOT UNITE.**

SCIENCE, which is entrusted with the responsibility of verifying God Aton by acquiring knowledge of God Aton's

processes of Creation and other qualities of the Creator and Creation, has denied that responsibility on the ground that God Aton cannot be verified in the laboratory. There is not one-quarter of an inch provided for in the platform of this great element of social welfare for the development of the most needed element of the social order - CHARACTER.

GOVERNMENT, whose very essence is unity - and whose very purpose is to serve its people in order that their complex and diverse interests can be resolved into one harmonious working whole - does not fulfill that purpose and never has. Government governs; it rules now as it always has. Governments and rulers have built empires by slaughtering and exploiting other nations of men. They have spread hatred and fear throughout the world and created enemies which have impoverished them and caused them to tax their peoples for generations to come as the fruits of their RULING.

Governments started as the expression of power and might of ONE MAN OVER ALL MEN. Pharaohs, kings, emperors, czars and other absolute rulers of nations governed justly or unjustly, brutally or kindly, but in them was all the power of "might-over right" which each potentate chose to exercise. Wars began that way. One king desired more power and wealth and got it, or lost his own by descending upon his neighbor with his sword. It has ever been thus since the dawn of history. The lust for power has always crushed the desire for spiritual unfolding of man which built character in him.

Every symptom which existed as cause of the fall of other great civilizations exists today in our whole world. Enmity, fear, greed, lust for power, hatred, a fast lowering culture, a fast increasing sex looseness and promiscuity including teenagers, treason, slavery, crime increase and race hatred, and the killing of an average of a million brothers of men by other brothers of men, have lowered the standards of world morality, honor and character.

AXIOMS: 1. THE PHYSICAL EXPRESSION OF UNFOLDING MAN IS EVIDENCED BY TAKING. 2. THE SPIRITUAL EXPRESSION OF UNFOLDING MAN IS EVIDENCED BY GIVING.

The Dawn of Conscience came into the human race about 8,000 years ago, and with it simultaneously began the Dawn of Character and Righteousness - man began to know right from wrong and began to govern his actions accordingly.

The **fruits of the TAKING principle** are the exercise of might-over-right for acquisition of power and material possessions.

The **fruits of the GIVING principle** are love, happiness, inspiration and the exaltation which comes only to those who have become aware of the Inner Light to some extent. Empire building and colonialization have furnished the cause for the state or world hatred which exists today, and lack of teachings which build character and righteousness was the cause of empire building.

Mankind will continue to fall in eternal sequences of Dark

Agas until man as a whole, and all of his institutions as his working parts, realizes: "***In vain do we build the city if we do not first build the man.***" You can trace all of your ills and the world's terrible troubles to that inequality in the transactions of Man in Action, which leaves a residue of imbalance which has not been able to be united with its mate.

Higher knowledge comes to man solely through the unfolding of intelligence within him which leads him to discover the light of his own divinity and Oneness with God Aton.

THE GREATEST MIRACLE WHICH CAN HAPPEN TO ANY (WO) MAN IS THE DISCOVERY OF HER/HIS SELF.

The only teachings which can be considered HIGHER KNOWLEDGE are those which awaken the spark of divinity which lies dormant in every man.

ALL-KNOWLEDGE ALREADY EXISTS.

KNOWLEDGE and IDEA are GOD ATON QUALITIES. They ARE. They do not BECOME. **They are within you.** You do not LEARN them. You RECOGNIZE and REMEMBER them when they awaken from their dormant state within you little at a time.

God has always been made by man and in man's image!

Man created SIN by crucifying LOVE on the cross of bestiality.

LOVE HAS NOT YET ENTERED THE PORTALS OF THE HUMAN RACE to any who have not known mental as well as physical MATEHOOD.

Author Profile

I was born on August 6, 1950 in Grab, Montenegro (former Yugoslavia). 1982 – Acquired my PhD in the field of atomic and plasma physics, at the same Faculty, under the title: "Regularities and Systematic trends of Stark Width and Shift Parameters of Spectral Lines in Plasmas".

1985 -1987 Spent two years as fellow of the Alexander von Humboldt Foundation from Bonn (Germany) at the University Düsseldorf developing plasma UV-spectroscopy at the tokamak UNITOR and performing measurements of the plasma instabilities in the scrape-off layer at the tokamak TEXTOR in Julich (Germany).

1987 – 1991 Worked as the guest scientist at the Max-Planck-Institute for Plasma Physics in Garching by Munich (Germany) performing measurements of the magnetic field configuration at the stellarator W7AS as well as the measurements of the limiter heat load.

1991 – 2000 Was working in the Institute of Physics in Zemun (Serbia) on investigations of the plasma force-free configurations and in 1995 I acquired the Research Professor degree.

2000 – At the end of 2000 I chose to leave the Institute of Physics and went on my own way to discover and learn the God's principles and laws of creation.

After 18 years of the progression toward that sacred goal, I finally succeeded and now I know many of the God's creational principles and laws (unknown until now) and can apply them for the simple and efficient creations which make the basis for a new life quality on this planet.

I am a pioneer, creating with a New Conscious Energy and building a new civilization without electricity. I've developed the TESLA RADIATION BALANCER – the genuine product in form of a self-adhesive sticker certified by the Hado Life Institute of Dr. Masaru Emoto which 100% balances radiation from any device, if attached to it, protecting the human body and environment from its harmful effects and eliminating with time the damages already caused by the radiation. It can be successfully applied to: cell phones, computers, laptops, microwave ovens, cordless phones, tablets, wireless monitors, Wi-Fi routers, TV-sets, Radios, and any other source of radiation.

Thanks to the consistent pursuit of my Leitmotif "The Authority of Truth rather than the Truth of Authority" I have experimentally proved the true atom, cell and particle "ATON" concept. According to the "ATON" concept, atoms, cells and particles are made of light which are spinning around the centering Mind (Spirit) points (the black holes). Nature expresses energy as electric potential in only one way, which is the same way both for the atomic and for the stellar scale: by projecting mentally the rings of visible light which are spinning around the centering Spirit points. This amazing beauty of creational simplicity is the basic fundamental truth of a new science that is based on the knowledge of the cause.

I wrote two books: "GOD IN THE ATOM" and "DODECA 101 LOVE ENERGY" which are available on my website.

I use to practice sport very gladly and am a unique tennis coach. Website: <http://www.teslastyle101.com>
