Abstract: *5G is mass Mind control system on a world-wide scale. Hardly that implementation of 5G can be stopped, but certainly it can be turned into great GOOD both for us people and for the planet by allowing the White Christed Light to protect us. Working knowingly with God Aton and asking for permanent Christed Light protection is the Messiah of this planet, of mankind and of our civilization.*

Keywords: radiation, mind control, microwave radiation, 5G, radiation poisoning, radiation protection

1. Introduction

This text is taken from hatonn.blogspot.com. HATONN is masculine aspect of God Aton, ONE with God Aton!

Quote from hatonn.blogspot.com:

“As the world citizenry slept, lulled by a steady dialogue of fake news stories, and “celebrity” drama about who is in bed with who, and the unbelievable sex change travesty being played out in front of our children and young people to emulate—A NETWORK OF ELECTRONIC SIGNALS, DISGUISED AS “SOCIAL MEDIA”, IS BEING BEAMED DIRECTLY INTO OUR BRAINS! This is mass mind control on a global scale, dear hearts, and you know it not!

2. Mind manipulation and control

It has been long suggested that your “intelligence” agencies, notably your Central Intelligence Agency (CIA), has been conducting experiments on unsuspecting humans regarding brain manipulation and control. These experiments have been ONGOING since the early 1950s, regardless of government admission that the programs were shut down. It only went “underground”, and the public funding was replaced by the so-called “black budget” secret monies, which comes from the CIA’s total control of your world-wide drug trade—legal as well as illegal drugs.

The James Bond intrigue and Cold War “Manchurian Candidate” (Time to revisit the Frank Sinatra black and white movie of the same name) brain washing tales are very real. As a matter of fact, the fictional stories—that is NOT FICTION—has gone way beyond what Hollywood has shown you! You now are in THE STAR WARS ERA, 21stCENTURY VERSION OF MK-ULTRA! No longer is it a lone “secret agent”, or a handful of captured soldiers, “brain washed” and sent back home to spy for the enemy. Today, Mind (K)ontrol Ultra, and all their offshoot programs, such as Project Delta, Project Monarch, etc., etc., are hooked into the massive Energy Grid system set up around our entire planet!

While the Reagan era “Star Wars” SDI (Strategic Defense Initiative) system was put into place with satellites in Earth orbit, the true purpose was kept well hidden from You-The-People! Firstly, those rocket launches carried satellites that completed a world-wide electronic GRID NETWORK that connected with those weird “cell phone towers” that

suddenly started popping up EVERY WHERE. This secondarily allowed for the Zionist Banking System to become GLOBAL AND INSTANTANIOUS. This is also the “Beast” that John of our Holy Bible’s REVELATION warned you about, all those centuries ago! When he said the Beast fed on a number, and “666”, and a tally of gold, and THE MARK ON YOUR PERSON, etc.—well he saw a computer screen that was the head (s) of the beast. That beast fed on numbers—and so do computers! The “mark”, dear ones, is the BAR CODE, which is now on EVERYTHING you buy, sell, or trade with. It is also “tattooed” invisibly and painlessly all over your person! Those little domes in banks, hospitals, public buildings, supermarkets, etc., don’t just take “selfies” and Polaroid pictures!

Laser and advanced secret HOLOGRAPHIC TECHNOLOGY has allowed for the “tagging” of every man, woman, and child in your nation! Similar to a “black light” that picks up lint, or temporary tattoos to gain access to nightclubs, etc. Your adversary uses a frequency in the high, INVISIBLE ULTRA VIOLET LIGHT FREQUENCY, to read multiple bar-codes—on your hands, arms, and forehead! So keep in mind—YOU ARE ALREADY “IN THE SYSTEM”!

However, the MAJOR PORTION of the completed GLOBAL ENERGY GRID network, which was turned on after midnight, January 1st, 2000 (this was your REAL Y2K! It happened just as the Bolshevik Jewish Banksters planned, and no one noticed!), was the hook up and implementation of the miss-used Tesla Scalar or PRANA WAVE TECHNOLOGY. At “power plants” and transmission sights around our planet, multi-frequency electromagnetic radiation fields—THAT CAN BE PIN POINTED ANYWHERE ON THE FACE OF THE WORLD—AS FOCUSED BEAMS OF INTENSE ENERGY—CAN DECIMATE ANY “TARGET”, LARGE OR SMALL!

However, in addition to these incredibly destructive DIRECTED ENERGY EFFECTS, WHICH IF GOT OUT OF CONTROL, WOULD SET OUR ATMOSPHERE ON FIRE AND LITERALLY SHAKE THE PLANET TO DUST IN FIFTEEN MINUTES. *The grid can also be “tuned” to the frequency of the human skull cavity. This means a remote Mind/Brain transmission, capable of implanting thoughts and words—that are not your own—but you will believe them to be yours! Also your body can*

be “switched off”, just like a light switch, inducing instant death!

And this can be focused on one person, or an entire city of people. Whole demographics of people can be induced to riot on command. Entire segments or communities can be given DIS-EASES—THROUGH ELECTRONIC MEANS ALONE! YES INDEED, THAT KIND OF TECHNOLOGY HAS LONG BEEN PERFECTED! Are you beginning to SEE what you are up against? *Do you see why only God’s LIGHT and His Mighty HOSTS can counter this onslaught against His People? He sent us before Him as promised. Was it any different when God sent His Messengers in the Ancient Biblical stories of the past?? Therefore, fear not these things and call upon God the Father. He will see His children through the valley of the shadow of death, today as well!*

3. Even After 5G Court Case Was Won UK Scientist Facing Jail Time For Warning Public About 5G

An Australian organization called “Environment and Community Safe from Radiation” is gearing up to protect people against the new health threat from 5G, including exploring legal options. The organization recently held a symposium about 5G that included presentations on the health and legal aspects of this technology and the videos may be viewed [online: ecsfr.com]

By B.N. Frank

Since 2017, 241 scientists and doctors from the U.S. and around the world have demanded a moratorium on the installation of 5G wireless technology due to biological and environmental risks.

Activist Post already reported about the 5G court case that was won in Gateshead, England after 5G was installed in street lamps and people became sick. Scientist Mark Steele was part of the movement to get the 5G removed and Gateshead council members weren’t at all happy about that.

4. From Zero 5G.com

“Mark Steele, a 5G campaigner, has been highlighting the dangers of a secret 5G rollout by Gateshead Council where residents are complaining of increased illness and cancer in the affected area. There’s enough evidence to conclude the new smart 5G arrays on the top of new LED lampposts emit Class 1 Radiation Frequencies and should be treated as a danger to the public. Gateshead Council ignorantly rebutted clear evidence and created false allegations on social media posts and printed leaflets stating that Mark Steele is spreading Pseudo Science and that the arrays are not dangerous or 5G.

“They misused Police Powers to gag Mark Steele and yesterday he left a free man and Gateshead Council to fork out 11 thousand pounds of tax payer’s money to cover the court cost amounting to woeful ignorance. In court, none of the council officers could explain what 5G is; and their leading government expert refused to attend the court hearing.

“In conclusion, the Judge refused to gag Mark, stating: “The public have a right to know.”

“The Judge declared Mark Steele as a credible expert and engineer on EMF (Electro Magnetic Frequency) and GSM technologies, which proves Gateshead Council is liable for corruption, misleading the public, making people ill and attempting to discredit Mark Steele and all others such as Smombie Gate fighting 5G rollouts.”

“Regardless of all this, Mark now seems to be facing jail time for continuing to warn the public about 5G as well as expecting Gateshead council members to answer questions. So much for democracy...”

5G is still being forced on communities all over the world despite all the opposition, risks, and consequences associated with it.

5. 20,000 Satellites for 5G to be launched to send focused beams of intense microwave radiation over entire earth

By John P. Thomas, Health Impact News:

Public attention about 5G has been focused on the plans of telecom companies to install millions of small cell towers on electric utility poles on public buildings and schools, on bus stop shelters, in public parks, and anywhere they want in national parks [Hatonn: Your national Parks have already been taken over by your secret Bolshevik Overlords, and it is becoming WELL KNOWN, that many people turn up missing and are NEVER FOUND! And young children and women disappear from right under their loved ones and parents’ noses without a trace. Then found dead, days or weeks later, only feet from where they were last seen—even though searchers covered the area thoroughly before hand. And always, the deaths are very mysterious. These are well planned, and orchestrated scare tactics to keep you out of your own National Parks! There are United Nations Mercenary Troops stationed in those vast forests, and they are heavily armed with the latest military hardware—including tanks and armored personnel carriers. There are foreign communist troops, who care little for America or your citizenry! And they wait, hidden until the appointed time to attack—from deep within your nation’s borders. There are Soviet armored vehicles ready to charge up through your southern border as well. Keep in mind that President Trump is not a Khazar! He is a ‘WHITE’ business man, who took full advantage of the American dream to become famous and prosperous. He KNOWS the Jewish ONE WORLD ORDER will destroy his way of life, and that of “his people”—WHICH MEANS THE VERY FOUNDATION OF YOUR NATION! And he is not about

to let the United States be destroyed by the Luciferians! “Nationalism” is the reason you-the-people have a country at all! Do not let the British-Israel Anti-Christ/Anti-God’s Socialistic Communism, and their controlled media, program (brain wash) you otherwise!],and on federally owned land.

In local urban communities there would be a cell tower approximately every 500 feet along every street. As bad as these small cell towers might seem from the standpoint of constant exposure to radio frequency (RF) radiation in close proximity to the source, perhaps an even more alarming prospect will be the beaming of millimeter length microwaves at the earth from thousands of new communication satellites.

On March 29, 2018 the US Federal Communications Commission (FCC) gave approval to Space X to launch 4,425 satellites into low orbit around the Earth. The total number of satellites that is expected to be put into low and high orbit by several companies will be 20,000 satellites. 5G will use Phased Array Antennas to shoot beams of radiation at cell phones. These satellites will use the same type of phased array antennas as will be used by the ground-based 5G systems. This means that they will send tightly focused beams of intense microwave radiation at each specific 5G device that is on the Earth and each device will send a beam of radiation back to the satellite.

Previous generations of RF cellular communication used large antennas to send a blanket of radiation in all directions. The lower frequencies they used and the broad distribution of microwaves limited the numbers of cellular devices that could connect through an individual tall tower. The much shorter length microwaves used for 5G will make it possible to use small phased array antennas to send and receive signals.

Phased array antennas consist of clusters of hundreds of tiny antennas that work together to shoot a ray of energy at a target just like a bullet. [Hatonn: You have long had the ability to use OPERATIONAL Star Wars weaponry against your own civilian population. You have devices that literally SHOOT ELECTRONS! Therefore, many, many assassinations of “trouble makers” have gone unnoticed as mere “heart failure”, “heart attacks”, and “strokes”. This is why continually asking and calling on the Brotherhood of Light—IS YOUR ONLY DEFENSE AGAINST THESE ASSAULTS. Our light shield will disperse these frequencies, and prevent them from being completed at contact point. Keep in mind THAT “PRANA” AND “SCALAR” MEANS “SPIRIT”—THESE NEW WORLD ORDER WEAPONS AND CHARGED PARTICLE BEAMS ARE SPIRITUAL WEAPONS!! THAT MEANS SPIRIT ENERGY WILL COUNTER THEIR DEADLY EFFECTS! Advanced physics is the melding of science AND spirit, chelas, you have never been taught that in your Earth school lessons! Always, it is your lack of knowledge that will destroy you.] A cluster of these tiny antennas can be arranged in a 4 inch matrix.

The rays of microwaves they produce will be strong enough to pass through walls and human bodies. [H: This is the technology utilized by your secret spy agencies—

MICROWAVE “PHASERS” AND LASER “FLASH GUNS”! Do you see, now, answers to mysterious “accidents and sudden deaths of ones who have become a nuisance to the Elite Conspirators?? The unexplained brilliant flash of light in the tunnel, when Princess Diana’s car crashed that fateful night.And the little “whites Fiat” that fled the scene. Or, the C-130 Hercules Special Operations transport aircraft carrying diplomats from a military airfield, suddenly doing “loops in the air” before crashing to the ground after takeoff. Now that you have been given another piece to this massive puzzle of secret world intrigue—look closely when “accidents” and “suicides” of important people occur! And do not be thrown off by the fact, that an entire airliner full of people is killed just to “silence” one man. These mob hitmen and assassins are, indeed, THAT ruthless!] If they were not strong enough to do this, then everyone with a 5G smartphone would have to stand outside when using the devices.

Each 5G product (such as a smartphone or router) will also have multiple phased array antennas which will be used to create a powerful beam of radiation back to the 5G devices mounted on electrical utility poles or toward a specific satellite in space. These beams of radiation will also need to be strong enough to pass through walls and human flesh such as a hand or head to reach the intended destination. [H: If all that I’ve said is not enough, you will find that “mutating cells” – CANCERS OF ALL TYPES IN THE BODY—come from close proximity, and constant use of your so-called “smart” phones. Do all you can to minimize usage, and keep it turned off, or away from your person whenever possible—especially when sleeping.]

This means that if you are in a crowded location, such as an airport or a train, there will be hundreds if not thousands of invisible beams of radiation flying through the environment at the speed of light. [H: As you contemplate the magnitude and complexity of these ever growing electronic warfare systems, you can imagine the use of giant power plants, and nuclear reactors to supply the energy to this WORLD-WIDE “GRID”. This is where WEATHER CONTROL COMES INTO THE PICTURE! TORNADOS, HURRICANES, MASSIVE DOWN POURS THAT CAUSE LANDSLIDES—AND EVEN EARTHQUAKES AND TSUNAMIS—ARE NOW MAN-MADE DISASTERS GENERATED ON CUE! Your adversary can create, intensify, and modify the weather—AS A TACTICAL WEAPON AGAINST ENTIRE NATIONS! EVEN DROUGHTS PRODUCING FAMINE, KILLING WHOLE POPULATIONS, AFRICA AS A FOR INSTANCE—IS PURPOSELY MANUFACTURED TO GAIN GLOBAL CONTROL! Do you see NOW what you are up against? It is serious, serious time now, dear friends, and the sand is all but drained from the hourglass.]

As people move in that environment, their bodies will be penetrated by numerous beams of radiation as they walk or as other people walk around them with their 5G smartphones. 5G phones will be much more powerful than previous phones. The effective radiated power of the 5G phased array antennas in phones will be 10 times more powerful than 4G phones.

No one will be free from exposure. In addition, 5G beams of microwave radiation will be received and transmitted from new computer equipment, household appliances, and automobiles. Stationary equipment such as Wi-Fi hubs in homes and offices will be permitted to use microwave beams that are 15 times stronger (300 watts) than the signals from 5G phones or 150 stronger than 4G phones.

Why is 5G so much more dangerous than previous microwave communication systems? Arthur Firstenberg, author, researcher, and advocate for limiting RF exposure from the environment, explains the analysis of 5G radiation that was published in Microwave News in 2002. He stated:

When an ordinary electromagnetic field enters the body, it causes charges to move and currents to flow. But when extremely short electromagnetic pulses enter the body [5G], something else happens: The moving charges themselves become little antennas that re-radiate the electromagnetic field and send it deeper into the body. These re-radiated waves are called Brillouin precursors. They become significant when either the power or the phase of the waves changes rapidly enough. 5G will probably satisfy both requirements. This means that the reassurance we are being given—that these millimeter waves are too short to penetrate far into the body—is not true. 5G satellites will fill the Skies.

These are the companies with the biggest plans to deploy satellites:

- Space X: 12,000 satellites
- OneWeb: 4,560 satellites
- Boeing: 2,956 satellites
- Spire Global: 972 satellites

Arthur Firstenberg describes the plans of corporations who want to use 5G technology. He states:

“Honeywell has already signed a memorandum of understanding to become OneWeb’s first large customer—it plans to provide high speed Wi-Fi on business, commercial, and military aircraft throughout the world. [H: I must comment on something here, please. One may ask, “How CAN such a massive world-wide undertaking possibly take place—in secret—and nobody knows about it?!” Easy, through spy agencies, such as your CIA, British Intelligence, the Israeli MOSSAD, the Soviet KGB; along with those semi-secret, fraternal orders like Free Masonry, Skull And Bones of Yale, the Council on Foreign Relations (CFR), the Bilderberger Group, the Committee of 300, the Office of Naval Intelligence, etc.; each of these control ALL THE LARGE AND SMALL CORPORATIONS OF YOUR PLANET—AND IN EVERY COUNTRY! Keep in mind, that “The Beast” is described to have many heads with many crowns upon those heads. Each head is represented as a computer to keep track of every single person born—THROUGH YOUR SOCIAL SECURITY NUMBER. The Social Security Number (SSN) is read by all computers as “6-6-6”, the way it is divided by three sections (123-45-6789). If you will note, the Universal Barcode System recognizes THREE DISTINCT PARTS in its markings: (IIIIII), however it is divided) THAT BASE “3” MEANS 6-6-6 TO THE MASTER WORLD COMPUTER IN BRUSSEL, BELGIUM. The name of that Global Banking Computer is “The Beast”, and it is the “Mommy Computer”

of all computers in existence. A backup twin of The Beast is in Earth orbit, called “MOSAIC”. Those secret agencies act like an octopus, except have eight arms—each arm has eight, times eight, times eight, times eight, times eight—all controlling IN SECRET all the businesses and corporations—you THINK are independent companies. If you look at the board of directors, of your so-called “Fortune 500” Enterprises, you will see that THE SAME “DIRECTORS” SIT ON ALL AND EACH COMPANY. THIS GOES BACK TO THE VENICIAN Black (as in “evil”, not color) Nobility, the Old World European Royal Families of Europe, and always, those Rothschilds (Bauer, before the Jewish family name was changed to the German “Red Shield”—that was hanging over the door of that FIRST “PAWN SHOP”, THAT BECAME THE FIRST INTERNATIONAL “WORLD BANK”), “ROTSCHILD” in German. So, know who may seem to “own” various U.S. and multi-national corporations. Always KNOW, that they are owned by no more than 13 JEWISH FAMILIES—300 PEOPLE—WITH BASICALLY 5 ELITE CONTROLLING THEM ALL! These 5 people represent your Adversarial Ruling Class, whose family representatives control your planet.]

Space X would like to provide the equivalent of 5G to every person on the planet.

6. Ground-based 5G Implementation

Ground-based 5G systems are already being implemented in dozens of major cities right now. Plans are being approved by hundreds of other cities, which will allow implementation in 2019 and beyond. As I explained in my previous articles, cities do not have the right to “say no” to 5G. FCC regulations prevent cities from objecting on the basis of health concerns—they only can speak to issues of esthetics and the practical matter of the placement of equipment. They are required to “say yes”, and they better do it quickly, or telecom companies will threaten them with legal action for obstructing their plans. [H: **This WHY Jews ARE LAWYERS—BECAUSE IF YOU DO NOT DO WHAT THEY ORDER YOU TO DO, they will threaten to take all your money and throw you in jail, or take your business!**]

7. Satellite Based 5G Implementation

The first two 5G test satellites were launched by SpaceX in February of 2018. Hundreds of other satellites are expected to be launched in 2019. The full set of 20,000 satellites could be put in orbit during the next two years. To put this into perspective as of September 2017 there were 1,738 operating satellites into orbit around the Earth. [H: **Or so you are told! Keep in mind, your adversary never tells you the truth—only that which they want you to know and believe is truth!**] This means the number of satellites will be 11 times greater than the current number.

8. Environmental Catastrophe from Rockets used to Launch Satellites

Rocket fuel is very destructive to the Earth’s ozone layer [H:

“Ozone Depletion” is not your problem. Again more falsehoods about “global warming”. We will get back around to the topic soon.] , which protects us from the harsh effects of radiation from the sun. In 2017, there were 90 rocket launch attempts world-wide. [H: The Christian Russians shoot down your missiles that are clandestinely used to start nuclear war. Be they special sensor satellites, or nuclear payloads. We even disable some of those. It may surprise some of our new readers that MANY OF YOUR SPACE SHUTTLES WERE SHOT DOWN—AND SECRETLY REPLACED FOR THE TELEVISED LANDINGS. Some were deliberately sacrificed by the Bolsheviks themselves, having zero regard for the crew. We will revisit those hidden—AND PUBLIC—disasters as well at another sitting. The Jewish Khazars do not hesitate to murder Christians at any opportunity. After all—their bible (the Talmud) tells them to do so!] The rockets that use solid fuel produce massive ozone depletion. While rockets using liquid kerosene as fuel destroy less ozone. They release massive amounts of black carbon soot into the air, especially at high altitudes.

If the number of annual rocket launches increases by 10 or more times, which is likely under the plans this corporation has made, computer models suggest that the combination of ozone depletion and release of black soot could produce a 3 degree warming effect over the Antarctic and reduce the ozone in the world’s atmosphere by 4%. Even though it will be possible for a single rocket to put multiple satellites into orbit, we are still talking about a 10 or 20 fold increase in environmental damage over what is being produced today.

The 5G satellites have a relatively short lifespan, perhaps only 5 years, which means there will be high numbers of rocket launches not just in the next few years, but in every year for the foreseeable future. Mercury-based rocket fuel could spread Neurotoxins over the Earth. [H: I guess we won’t mention the Chemtrail spraying that crisscross your nation!] As bad as liquid and solid rocket fuels will be for the environment, Apollo Fusion is developing a mercury-based propulsion system for its rockets. These ion propulsion rocket engines use powerful magnets to push away small charged particles at high speed, which generates thrust. NASA experimented with mercury ion propulsion in the 1960s, but abandoned the research.

Mercury is an extremely strong neurotoxin, which is harmful to all forms of life, especially humans. The risks of an environmental catastrophe are monumental, because if there was a malfunction and one of these engines exploded, highly toxic mercury would be spread through the atmosphere and over the Earth. [H: A MAIN INGREDIENT of the composition of the deadly CHEM-TRAILS that blanket your skies (a byproduct purposely caused through jet aircraft exhaust, and specially designed “crop duster style” multi-engine heavy planes), is mercury! Remember, when a normal airliner flies overhead, the vapor trail disappears as the aircraft passes. Chemtrails REMAIN and turn into “elongated clouds”.]

All the talk from telecom companies about 5G being a panacea for environmental protection and energy conservation is quite ridiculous when we think about the

environmental damage that will be created by any of the rocket engines they choose to use for launching their satellites.

9. Space Junk will pollute the Earth

Each satellite will be the size of a small refrigerator and will weigh approximately 880 pounds. With a life expectancy of only 5 years [H: **Which is years longer than the synthetic replicas running around, masquerading as your government leaders, and television “talking heads”! THEY have to be changed out and “dumped” regularly—they don’t perform well under stress! Or, haven’t you noticed by now?**] , this means there will be a massive amount of space junk orbiting the Earth. Eventually, all those satellites will fall down to Earth and will burn up as they enter the Earth’s atmosphere. All the hazardous materials in the satellites will be released into the air and will float down to the ground as dust or as droplets of rain.

Telecom Companies are creating a worldwide disaster in the name of Technological Progress [H: Is that not what you have always done? The technology exists for electrogravitic levitation, clean burning fuels that produce water as a byproduct, and so-called “free energy” to power all your electrical toys—including cars and airplanes! But then, what would the Elite have to hold over your heads, and have you go to war with your neighbor for?? After all, the “Jewish Harvest is War” (The Jewish Khazar Bolsheviks’ own words). And, good heavens, who would foot the bill?! Lord Rothschild and J.P. Morgan told Nicola Tesla— inventor of all this wondrous technology—“where would I put the meter so I can charge the people for all this free electricity?? And, so you have it! Like Jesus said, “The Love of Money is the Root of All Evil”.]

5G is promoted as being the next great wonder in the plan to advance technology to create smart cities where everything and everyone is instantly connected in real time with no lags or lost signals. Of course there will be a few costs. Everyone will be irradiated with millimeter size, non-ionizing radiation 24 hours a day with completely unknown health effects. Studies designed to investigate harm from 5G will be completed many years after the 5G systems on the ground and in space are fully implemented. At that point it is very unlikely that telecom companies would dismantle their systems even if it is shown that their technology is causing cancer and other diseases. They would just deny the risks. They will tell us that the science was settled decades ago. They will tell us that evidence linking 5G to cancer and other diseases is just a conspiracy theory that only a few crackpots believe.

Millions of people will suffer from radiation exposure with symptoms such as headaches, weakness, brain fog, impaired ability to learn and reason, chest pain, and numerous other symptoms that will baffle most conventional physicians.

10. There is Nowhere to Hide from 5G Radiation

Today it is possible to live in a location that has reduced levels of microwave exposure. This is accomplished by choosing a living space that is far away from cell phone towers. However, in the near future it won't matter where we live, because 5G will irradiate us wherever we happen to live or work. Cities can't say No to 5G implementation. FCC regulations have been structured in such a way that local municipalities cannot stop telecom companies from installing 5G. They are specifically prohibited from trying to delay or stop 5G implementation on the basis of health concerns. Their only recourse is to try to make the ground-based 5G system somewhat more esthetically pleasant. Based on what has been happening around the country, telecom companies are sweeping aside local resistance and gaining approval for their 5G systems in rapid succession.

11. Can 5G implementation be stopped?"

End of quote

Hardly that implementation of 5G can be stopped, but certainly it can be turned into great GOOD both for us people and for the planet. Everything is possible with knowledge [1-16]. In my humble opinion there is no better blessing for us than 5G challenge when we turn this everywhere present imbalanced radiation into balanced radiation that will bring in balance the entire planet and all human beings, actually all living beings on this planet including herself.

How? By ALLOWING the White Christed Light to protect us!

I have revealed details in my recent article "THE RIGHT THERAPY FOR RADIATION POISONING" [1].

12. Conclusions

- 1) It is proven fact that there is real deliberate radiation poisoning aimed for damages of human brain functions and destruction of rationality, reason and civility.
- 2) The GOOD in the deliberate radiation poisoning is the fact that it is waking us up who are we and causing us to become aware of our unlimited potentials.
- 3) Human body is electric record of Mind thoughts so that dis-ease cannot enter where the Mind-Creator chooses to have no entry.
- 4) Because human Mind and God's Mind are One, our allowance can provide permanent protection from anything, including 5G, DEW and ELF.
- 5) Working knowingly with God Aton and asking for permanent Christed Light protection is the Messiah of this planet, of mankind and of our civilization.

2000 – At the end of 2000 I chose to leave the Institute of Physics and went on my own way to discover and learn the God’s principles and laws of creation.

After 18 years of the progression toward that sacred goal, I finally succeeded and now I know many of the God’s creational principles and laws (unknown until now) and can apply them for the simple and efficient creations which make the basis for a new life quality on this planet.

I am a pioneer, creating with a New Conscious Energy and building a new civilization without electricity.

I’ve developed the QUANTUM RADIATION BALANCER – the genuine product in form of a self-adhesive sticker certified by the Hado Life Institute of Dr. Masaru Emoto which 100% balances radiation from any device, if attached to it, protecting the human body and environment from its harmful effects and eliminating with time the damages already caused by the radiation. It can be successfully applied to: cell phones, computers, laptops, microwave ovens, cordless phones, tablets, wireless monitors, Wi-Fi routers, TV-sets, Radios, and any other source of radiation.

Thanks to the consistent pursuit of my Leitmotif “The Authority of Truth rather than the Truth of Authority” I have experimentally proved the true atom, cell and particle “ATON” concept. According to the “ATON” concept, atoms, cells and particles are made of light which are spinning around the centering Mind (Spirit) points (the black holes). Nature expresses energy as electric potential in only one way, which is the same way both for the atomic and for the stellar scale: by projecting mentally the rings of visible light which are spinning around the centering Spirit points. This amazing beauty of creational simplicity is the basic fundamental truth of the science that is based on the knowledge of the cause.

I wrote two books “GOD IN THE ATOM” and “DODECA 101 LOVE ENERGY” which are available on my website: <http://www.teslastyle101.com>

Author Profile

I was born on August 6, 1950 in Grab, Montenegro (former Yugoslavia). 1982 – Acquired my PhD in the field of atomic and plasma physics, at the same Faculty, under the title: “Regularities and Systematic trends of Stark Width and Shift Parameters of Spectral Lines in Plasmas”. 1985 -1987 Spent two years as fellow of the Alexander von Humboldt Foundation from Bonn (Germany) at the University Düsseldorf developing plasma UV-spectroscopy at the tokamak UNITOR and performing measurements of the plasma instabilities in the scrape-off layer at the tokamak TEXTOR in Jullich (Germany).

1987 – 1991 Worked as the guest scientist at the Max-Planck-Institute for Plasma Physics in Garching by Munich (Germany) performing measurements of the magnetic field configuration at the stellarator W7AS as well as the measurements of the limiter heat load.

1991 – 2000 Was working in the Institute of Physics in Zemun (Serbia) on investigations of the plasma force-free configurations and in 1995 I acquired the Research Professor degree.
